IX. Public Comment

X. Adjournment 3:15pm

Motion to Approve: Interim Provost Wood
Second: Regent Brown
Motion: Approved
Justification for deletion of AA Communication & Journalism

UNM-Taos is requesting the deletion of the AA Communication & Journalism degree.

The program has not had a student admitted in the last 10 years. UNM-Taos was made aware that the AA degree was still in existence this year. The degree should have been deleted in 2011 when we consolidated programs. The deletion will not result in any impact on long-range planning, budget, or faculty workload. No additional faculty will be needed, since the degree will be deleted.
Justification for Deletion of EMS Concentration in Fire Science

The Emergency Medical Services concentration in Associate of Applied Science Fire Science is being deleted. This concentration is no longer applicable to our campus because we offer an Associate of Science degree in Emergency Medical Services and Certificate programs in both EMT Basic and EMT Intermediate. This concentration is designed to develop skills that will assist a student planning to eventually enter a paramedic Bachelor’s degree program. Completion of this concentration will prepare a student to sit for the New Mexico EMT-Basic and EMT-I (Intermediate) licensing tests. The two certificate programs and the Associate of Science degree in EMS accomplishes these same goals. Therefore, this concentration is redundant. This concentration has had zero graduates in a six-year analysis of 2012 – 2018, and only one student has declared this concentration as a major. We have one student enrolled in the program, we are asking for final award date of two years to ensure that this student has adequate time to complete his concentration.
Justification for Deletion of Certificate Office Communications and Technology

The Certificate in Office Technology is being deleted. This concentration is no longer applicable to our campus. In a six year review of programs, UNM Los Alamos has had zero graduates in this certificate and zero declared majors. The Certificate in Office Communications and Technology covers the skills required for effective administrative support. The program is designed for students seeking positions as administrative assistants, office assistants, and secretaries in technical/scientific government or private business office environments. The certificate covers the skills required for effective administrative support. 90% of the content of this certificate program aligns with the certificate in Business, Management concentration. This certificate is therefore redundant. Given the lack of student demand and the redundancy of this program with the certificate in Business Management program, we feel it is time to delete this certificate. Since we have no students in the program, the last date to award the degree is not needed.
Justification for Deletion of Associates of Applied Science in Office Communications and Technology

The Associate of Applied Science in Office Technology is being deleted. This concentration is no longer applicable to our campus. In a six year review of programs, UNM Los Alamos has had zero graduates in this major, and only 1 declared major. The Associate of Applied Science Degree in Office Communications and Technology covers the skills required for effective administrative support. The program is designed for students seeking positions as administrative assistants, office assistants, and secretaries in technical/scientific government or private business office environments. Greater than 70% of the content of this program consists of classes offered in the Business Management AAS degree program and is therefore redundant. Given the lack of student demand and the redundancy of this program with the AAS Business Management program, we feel it is time to delete this AAS program. Since we have no students in the program, the last date to award the degree is not needed.
Teach-Out Plan

Construction Technology Program

Valencia Campus requests deletion of our AAS Construction Technology Program. This program has not had demand in our service area for some time now. It has had very low numbers for several years, as evidenced by a program review in the Spring of 2018.

Currently, there are no students with Construction Technology as their major. If a student wished to finish the degree, we would offer the appropriate classes (either as full CNST courses or independent study courses). We would make these opportunities available for two academic years from the time of deletion, to provide time for the students to finish. We do not believe this option will be necessary.
Justification for deletion of CERT Clinical Chemistry (HSC)

We would like to delete the following courses because the CERT in Clinical Chemistry will no longer be offered by the program due to lack of need in the professional world. MEDL 460 Clinical Correlations Studies MEDL 461 Phlebotomy Rotation MEDL 462 Specimen Processing and Collection Practicum MEDL 464 Management Project Practicum
Deletion of the Associate of Arts in Art Studio Degree
Justification

The Associate of Arts in Art Studio Degree, under the Division of Arts and Sciences, has
provided students of UNM-Gallup the option in completing their first two years of study toward
a Bachelor's Degree in Fine Arts (BFA) at UNM Albuquerque. In recent semesters, however,
declining numbers in student enrollment, the consistent non-offering of some 200-plus level fine
arts courses, and budgetary constraints and cost-saving concerns, have affected the continued
offering of the degree program. Rather than eliminating the Art Studio Degree program entirely,
a more efficient and desirable pathway for students is to create the change of program study in
re-directing those having interests in Art Studio to engage their studies in the newly approved
Associate of Arts in Liberal Arts with a Concentration in Art Studio at UNM-Gallup. Under this
new concentration area, a couple of classes will be eliminated from the original program to
include more specific and concentrated areas within the liberal arts. This change will support a
more feasible pathway that current fine arts faculty can offer at our institution. The change will
also have no impact on the overall fiscal picture in terms of costs and faculty availability.

Please accept this letter as justification for the complete deletion of the Associate of Arts in Art
Studio Degree from the UNM-Gallup course catalog.

Thank you,

Joe H. Kee, Interim Division Chair
Arts and Sciences Division

Re: Request to award posthumous degree for Mireya Martinez (101666218)

Please accept this memo to support recommendations from the Anderson School of Management and approval from the UNM Faculty Senate to award a posthumous degree to Mireya Martinez (101666218) with a Bachelor of Business Administration degree.

Ms. Martinez was a student in degree status and in good standing as a student at Anderson School of Management in the academic year prior to her death on April 12, 2019. Ms. Martinez completed 105 hours and had 15 credits remaining to complete her degree. She had a cumulative GPA of 3.00.

Thank you in advance for your consideration.

Re: Request for Posthumous Degree, Chantell R. Howard

On recommendation of the faculty of the UNM Gallup campus, and with their authorization, I hereby request the posthumous award of an Associate of Arts degree in Liberal Arts to Chantell Rae Howard, BID 101683196.

Ms. Howard was tragically killed in an auto accident in August 2018 after her vehicle was hit by a drunk driver. At the time of her death Ms. Howard was enrolled as a full-time student in good standing within her program of study. Ms. Howard had 62 earned credit hours and had 21 credit hours remaining to complete her degree. She had a cumulative GPA of 3.15.

Upon completion of the requirements to obtain an AA in Liberal Arts, Ms. Howard planned to pursue a Bachelor of Science degree in Education. Her death represents a loss to both the UNM Gallup campus and the broader educational community. Awarding this posthumous degree allows her family to recognize all that she accomplished in her short life, and it allows our campus community to honor her memory.

Please do not hesitate to contact me with any questions or if additional information is needed.

Thank you,

Winrock Land Sale Endowment

In November 2001, the University of New Mexico Board of Regents established the Winrock Land Sale Endowment with $25 million in proceeds from the sale of the Winrock Shopping Center property.

The Winrock Land Sale Endowment is a “quasi endowment” which is co-invested along with other University and UNM Foundation endowments in the Consolidated Investment Fund. The endowment corpus and any annual spending distributions from the endowment to the University may be used at the Regents’ discretion.

The University has historically designated the monies to national merit scholarships, need-based financial aid, faculty retention, graduate fellowships and travel grants, capital improvements. To date, over $18 million has been distributed from the endowment for these programs.

The market value of the Winrock Land Sale Endowment within the Consolidated Investment Fund (CIF) as of December 31, 2018 was $27,562,167

CIF Investment Performance: 1-Year -3.3%
                           3-Year  5.7%
                           10-Year 7.3%

Spending Distributions: 2013/14 $1,042,774
                        2014/15 $1,094,630
                        2015/16 $1,115,644
                        2016/17 $1,019,950
                        2017/18 $1,024,422
                        2018/19 $1,027,828
Regents’ Endowment

In June 1983, the University of New Mexico Board of Regents established the Regents Endowment with $622,315. An additional $9,884,518 was added to the endowment from the sale of University land in fiscal years:

- 1985/86: $1,332,640
- 1987/88: $1,400,000
- 1988/89: $1,723,724
- 1989/90: $1,928,154
- 1990/91: $3,500,000

In 2006, the University of New Mexico Board of Regents sold the University’s Mesa Del Sol property for $8,045,923 and deposited the proceeds in the Regents Endowment.

The Regents Endowment is a “quasi endowment” which is co-invested along with other University and UNM Foundation endowments in the Consolidated Investment Fund. The endowment corpus and any annual spending distributions from the endowment to the University may be used at its discretion.

The Board of Regents initially designated the monies for recruitment and retention of outstanding faculty, student merit-based scholarship programs and to develop University owned real estate. In 2005, the Board of Regents approved Regents’ Policy 7.19 that expanded the use of monies. The University has historically designated the monies to scholarships, professorships, lectureships, fellowships, study abroad programs, minority faculty hiring, the President’s Advancement Fund, and tuition assistance programs.

The market value of the Regents Endowment within the Consolidated Investment Fund (CIF) as of December 31, 2018 was $25,195,522.

Hugh B. and Helen K. Woodward Endowment

In 1982, the University of New Mexico Board of Regents established the Hugh B. and Helen K. Woodward Endowment to receive and manage distributions to the University from the Woodward Trust.

The University receives 45% of the annual net income from the Woodward Trust administered by the Sandia Foundation, a Hugh and Helen Woodward Charity, in accordance with the will of Hugh B. Woodward. These annual distributions (approximately $1.35 million annually) from the Sandia Foundation are deposited in the Hugh B. and Helen K. Woodward Endowment.

The Hugh B. and Helen K. Woodward Endowment is co-invested along with other University and UNM Foundation endowments in the Consolidated Investment Fund.

The Last Will and Testament of Mr. Woodward stated:

It is my hope and wish, but I do not require, that a substantial portion of the annual net income shall be used by the Regents of the University of New Mexico: (1) to financially assist deserving students to begin and complete their college education, (2) to establish and maintain scholastic awards, grants scholarships and prizes to be conferred upon individual students, including students in the School of Law and the School of Medicine, when established, in recognition of achievement and usefulness to said university and to its student body, and (3) to supplement regular salaries of the Dean of the School of Law and any deserving full professor of said school and the Dean of the School of Medicine and any deserving full professor of said school devoting full time to his professional employment. No more than Six Thousand Dollars ($6,000.00) of the moneys passing to the Regents of the University of New Mexico annually shall be utilized to supplement the salaries as provided in subpart (3) of this paragraph.

The market value of the Hugh B. and Helen K. Woodward Endowment within the Consolidated Investment Fund (CIF) as of December 31, 2018 was $50,226,297.

Campus Analytic Capacity

HEATHER MECHLER
DIRECTOR, OFFICE OF INSTITUTIONAL ANALYTICS
HSMECHLER@UNM.EDU
Introduction

- The UNM Office of Institutional Analytics is responsible for official mandated and recurring reporting for Main Campus and branches.
- These reports are intended for federal, state, and internal reporting.
- Reports generally focus on enrollments, outcomes, demographics, employee salary data, financial aid, and admissions.
- Many reports, dashboards, and projects are based on ad-hoc requests from within UNM and from governmental and educational agencies.
Ad-Hoc Reporting
Fact Book

- Published online annually
- Contains official data on:
  - Enrollments
  - Faculty and Staff
  - Student Financial Aid
  - Degrees Awarded
Official Enrollment Report

UNM-Main Campus Official Enrollment by Major, Spring 2015-Spring 2019
(Select variables from the dropdown menus on the right to drill down to specific subgroups such as major, ethnicity, or class level)

- Published each semester (Fall, Spring, Summer) with information on student enrollment at all campuses disaggregated by different categories
  - Student level
  - Campus
  - Demographics
  - College
  - Major
Freshman Cohort Tracking

- Used to track incoming characteristics and UNM outcomes of students who enroll as first-time freshmen.
- Because so much of our mandated public reporting is based on these cohorts, this dashboard can be very useful.
Graduate Studies Dashboard

• Created Summer 2018 by request from the Office of Graduate Studies

• Contains information on enrollments and degrees conferred by college, major, and program
