RE: GPSA Constitutional Amendments
     Spring 2016 Election

The following amendments were approved in the GPSA Election held April 4-7, 2016.

Amendment 1: For 327 Against 34 Approved by 91%
This amendment reflects complete revision of the GPSA Constitution. These revisions provide consistency of language, style, and format. They also include a transfer of detailed language to the bylaws in order to make the constitution the most basic governing document.

Nasha Torrez, Associate University Legal Counsel, has reviewed these amendments and found no legal concerns. I recommend these amendments be presented at the next Board of Regents meeting. Hilary Wainwright, GPSA Council Chair, will present these amendments to the Academic/Student Affairs and Research Committee meeting and address any questions the Regents may have on the amendments on May 2, 2016. This will confirm the GPSA Constitution Amendments request of an action item for the Academic/Student Affairs and Research Committee.

Please let me know if there is any further information I can provide.

Subject: Posthumous Degree Joshua Duran

Dear Mrs. Lindquist –

Please accept this memo as support for awarding a posthumous Bachelor of Arts degree in Biology with a minor in Chemistry to Joshua Duran. I have attached a degree audit for supporting evidence of his exemplary academic record and his level of completion for this degree.

At the time of Joshua’s passing he was well into his senior year at UNM. His consistent stellar gpa if he had continued would have qualified him to graduate Summa Cum Laude.

He is ten hours short of the minimum number of earned hours to graduate and just 12 hours short of completing the major. His minor is chemistry is already complete, as is core and all other university requirements. If you were to plan out his last two semesters and project completion of the Fall 2014 semester, he would have easily finished his degree by Fall 2015.

There is no doubt in the College’s or the Biology Department’s mind that Joshua would have graduated in the top of his class and gone on to accomplish great things. The College of Arts & Sciences and Biology Department recognize this incredible loss to our community and support any honor we can give Joshua and his family.

Sincerely,

Stephanie Hands

The KUNM Radio Board was established by the UNM Board of Regents to help resolve volunteer grievances and to make recommendations to station management on programming issues and other important station policies and practices. The KUNM Radio Board, referred to in this report as the Board, provides a vital forum where KUNM staff and volunteers as well as members of the KUNM listening community are free to voice their views and concerns at monthly meetings. It is the Board’s duty, along with hearing volunteer grievances, to review the issues brought before it and to act accordingly to ensure that KUNM is operated according to the Board of Regents Policy on KUNM.

The Board operates under bylaws approved by the Board of Regents. The bylaws require that the Board prepare an annual report for the Board of Regents that covers all actions taken, concerns raised, and recommendations made. This January 2015 – December 2015 report is supported by the Board’s meeting minutes, which are posted on the radio station’s website.

**Programming**

**Issues and action taken**
As mentioned in the bylaws, the Board is charged with conducting a periodic and comprehensive program review of the station and sharing its findings with KUNM’s management. In late 2013, the Programming Committee devised a work plan for the development of a program review process, which started in 2014 and finished around the middle of 2015. Throughout 2014, the Committee members surveyed other public radio stations with similar missions as KUNM to learn how those stations approached their program review process. The Committee has been working with the assistance of management to compile data and conducted focus groups consisting of Member/Listeners of KUNM in January of 2015. The Committee prepared a Program Review Report dated September 15, 2015 that included (1) quantitative data including membership, market share, listener loyalty and listener utilization data; (2) qualitative data including the results of the member/listener focus groups; and (3) financial data including contribution data to KUNM.

**Recommendations**
In order to grow members/listeners the station has to continue to provide the high level of programming that it is known for and to LISTEN to its listeners and key constituencies. To that end, the KUNM Radio Board offers the following recommendations to Station Management:
• Begin with a small test of change and consider airing a top-of-the-hour news summary every weekday, which may include nationally syndicated programs (produced by NPR or other national syndicators) and/or locally produced news programming.

• Provide resources that would allow the Board to conduct additional qualitative research (focus groups) among members/listeners and representatives of KUNM’s other stakeholder groups.

• Consider increasing the quantity of programming that focuses on the University of New Mexico and its branch campuses and their communities; The City of Albuquerque, New Mexico; the State of New Mexico and our cultures and people.

• Using available data on KUNM listeners, local market characteristics, and radio industry and audience trends, provide recommendations on a regular basis to the Board that will strengthen the ability of the Board and Management to work together on programming strategies to both maintain the loyalty of the station’s current audience and attract new listeners to KUNM.

KUNM Strategic Plan

Issues and actions taken
The Strategic Plan for 2011-2015 is in its last year. The board continues to work with the Station staff, volunteers, and Board members to assume its role in the plan’s implementation.

Recommendation
The Board will work on its current assignments and make inquiries with the station regarding the drafting of a new strategic plan and opportunities to more actively involve the Board.

Communications

Issues and actions taken
The Board was approached by a group of Volunteers regarding the communications process associated with a programming issue. The Board formed a Communications Committee that is chaired by Board Members and consists of the station’s General Manager and volunteers. Station staff participate, as appropriate by discussion topic.

Recommendation
The Committee recommended and the Board concurred that the Committee will work with relevant constituencies to prepare a Volunteer Manual that is intended to serve as a resource for Volunteers to improve communications among Volunteers, Staff and the Board.
Board Governance

Issues and actions taken

The Governance and Grievance Committee had two objectives in 2014, which carried forward into 2015: review the Regents Policy on KUNM and review the Bylaws of the KUNM-FM Radio Board. In 2015 the Committee also took on the project of reviewing and updating the KUNM Grievance Procedures.

The Committee reviewed the Regents Policy on KUNM and no changes were recommended. However the emerging discussion about station relocation and changes to reporting relationship will prompt modifications based on the outcome of those discussions and decisions in 2016.

The Committee reviewed and proposed revisions to the KUNM-FM Radio Board Bylaws. The revised Bylaws were accepted at the June 2014 Radio Board meeting and submitted to the Provost’s designee for review and approval. The 2014 revisions to the Bylaws included:

- Clarification of who could initiate comment or review of station policy or procedure by the Board;
- Incorporation of recommendations from the Membership committee to adjust terms of office to ensure staggered terms so that experienced members are always on the Board,
- Clarification of when and how Board vacancies are filled; and
- Definition of significant and major programming changes.

After the revised Bylaws were submitted to the Provost for consideration additional revisions to the Bylaws were identified that would better clarify how Board vacancies are filled and a re-examination of the process for programming changes.

The Grievance Procedure was reviewed, revised and approved by the Board, following input from management, staff and volunteers, in June 2015. The revised procedure has been reviewed by UNM Legal Counsel and the Human Resources Department with input provided to this Committee in January 2016. Suggested revisions from UNM Legal Counsel and Human Resources are being reviewed and will be incorporated as appropriate.

Recommendations

1. Work with University Administration and Station Management to facilitate amendments to the Regents Policy on KUNM to reflect changes in reporting up to the Regents.
2. The 2014 revised Radio Board Bylaws will be revisited by the Board and Station Management by mid-year 2016. The Bylaws will be amended to provide guidance to future Radio Boards, to better reflect current standards of practice for programming changes, and address how Board vacancies will be filled when there are insufficient numbers of candidates or alternates.
3. The Grievance Procedure will be amended by mid-year 2016 to better reflect UNM policies and procedures. Following presentation to and input from station management, staff and volunteers, the Procedure will more clearly state grievance steps and timeline for each, and will
clarify Board member roles in the informal and formal steps of the grievance process.

**Grievances**

**Issues and actions taken**
One of the Board’s duties is to hear and decide on volunteers’ grievances. No grievances were presented to the Board in 2015. New Board members must receive grievance training, as required by the KUNM Radio Board bylaws, to understand their roles in the grievance process. Grievance training was provided by Marc Robert, the Chair of the Board, who is also an attorney.

The Committee developed a more systematic training protocol in 2015 with accompanying presentation documents. The training document will be used to inform KUNM Volunteers of the grievance process.

**Recommendations:**
On an annual basis provide grievance training to the Volunteers as well as the Board.

**Board Membership**

**Issues and actions taken**
The Board sought out members that would diversify its membership to more closely represent the demographics of the state. The Board has also worked more proactively to ensure that vacancies are filled as soon as possible and that undergraduate and graduate student representatives are seated to include younger demographics in board discussions.

During the year, working with Station Management and UNM Administration, the Board achieved a full complement of Board members including (2) undergraduate students, (1) graduate student, (2) UNM Faculty members, (1) UNM Staff member, (3) Provost appointed members and (4) members elected by the membership of the Station. A subsequent resignation by an elected member has left the Board short by one voting member.

**Recommendations**
In 2016, the Board will work with Station Management and the Provost’s office to effectively recruit future board members from diverse racial and ethnic groups to better represent the population of our minority-majority state.

In 2016, the Board (Governance and Grievance Committee) will study and recommend a process to expeditiously fill vacancies that occur between election and appointment cycles and that result in a shortage of Board members (including alternates).

DR. JULIE COONROD
DEAN OF GRADUATE STUDIES

- May be offered in conjunction with master’s or doctoral degree programs, or can be offered as stand-alone programs.
- Only units/programs that offer academic degrees and that have faculty with graduate approval are eligible to offer graduate certificate programs.
- A graduate certificate is not a concentration within a degree program.

WHY SHOULD UNM OFFER MORE GRADUATE CERTIFICATE PROGRAMS?
MEET THE INCREASING DEMAND FOR GRADUATE CERTIFICATES

44% INCREASE OF GRADUATE CERTIFICATES CONFERRED BETWEEN 2011 AND 2014
• 4 out of 5 first-time international graduate students are pursuing master’s or certificate programs, contrary to the common assumption that international graduate students come to the U.S. to pursue doctoral degrees.

• 83.2% of all first-time graduate students in Fall 2014 were enrolled in programs leading to a master’s degree or a graduate certificate.

• Women comprised a larger share of first-time enrollees at the master’s degree and graduate certificate level (57.9%) than at the doctoral level (51.0%).

Council of Graduate Schools: International Graduate Applications and Enrollment: Fall 2015; Graduate Enrollment and Degrees: 2004-2014
UNM allows for shared coursework between graduate certificates and a master’s or doctoral degree.

If the certificate is a stand-alone program, completed before the student is admitted to a graduate degree program, the student may use 100% of the course work credit for the certificate toward a future graduate degree.

If the student completes the certificate in conjunction with a graduate degree program, the student may use 100% of the certificate course work toward a graduate degree.

Trending topic of “stackable certificates,” i.e., certificates being 'stacked' or taken in succession with the eventual awarding of a master's degree.
Certificates provide skill enhancement for working professionals who have limited time to pursue a campus-based full graduate degree program.

At UNM, course work from a completed graduate degree may count for up to 50% of the course work required for a graduate certificate.
Business (70,748) and education (64,210), the two largest fields of study, accounted for 37.1% of all first-time students enrolled in a graduate certificate or master’s program.

First-time graduate certificate and master’s degree enrollment also high for the broad field of public administration and services.
The New Mexico State Statute governing post-secondary education requires review and approval by the NM Higher Education Department only if the proposed graduate certificate requires new courses.

Transcripted Graduate Certificate Programs at UNM must be approved through the Faculty Senate curriculum process.
The Lobo Scholars Program

DR. RYAN SWANSON
ASSISTANT PROFESSOR, HONORS COLLEGE
DIRECTOR, LOBO SCHOLARS PROGRAM
The Problem:

The NCAA Division I model is very successful at graduating student athletes, opening educational doors, and contributing to community connectedness.

However...

The Division I student athlete experience is nearly antithetical to very high academic achievement (undergraduate research, extensive leadership, etc) due to the time demands placed on student athletes.
The Lobo Scholars Program, *past*

- established in 2013
- partnership between UNM’s Honors College and Athletics Department
- visionary Division I student athlete/honors education program
- seeded with financial support from Honors and Athletics
- focuses on top 25% of student athletes (3.75 GPA & above; graduate school plans)
- evolved from exclusive focus on Rhodes scholarship applicants to multi-tiered program

(UNM Symposium on College Athletics, April 2016)
The Lobo Scholars Program, present

Vision: To aggressively optimize the academic experiences of UNM’s top student athletes.

Program Goals:

1. Help recruit the best student athletes to UNM
2. Facilitate leadership training and research opportunities for student athletes
3. Prepare students to give “the great answer” regarding their student athlete experience
4. Increase the number of student athletes in UNM’s Honors College
5. Increase the number of student athletes applying for post-graduate scholarships

By the numbers:

- 150 student athletes served
- Honors 301 “The Student Athlete” class, annually
- 4 research/leadership workshops annually
- 3 out of 14 applicants for UK scholarships in 2016 were student athletes
- the number of student athletes in the Honors College has increased from a handful to 30+
- 2 LSP Student Directors currently serving the program (Garrett Adcock, football and Kalyn Thayer, golf)
- First annual Symposium on College Athletics on April 12, 2016. 16 presenters, including student athletes, coaches, and faculty. c.100 attendees.
- 100+ recruiting presentations to potential UNM student athletes
Buy-In from UNM Coaches

“Our Honors College and the Lobo Scholars Program allow us to recruit the top students in the country and overseas. We have been able to attract student/athletes who choose UNM over Ivy League Universities and other highly competitive institutions...Our players who have gone through the UNM Honors College, have gone on to great things: three to prestigious medical schools, one currently completing his PHD in Political Science at Stanford, one on Wall Street with UBS and the list go on and on.”

- Head Coach Jeremy Fishbein, UNM Men's Soccer

“The Lobo Scholars Program provides a vital pathway for the future of our UNM Women's Tennis Student Athletes. From creating the framework high achieving student-athletes need during undergrad, to assisting in the transition towards advanced degrees; we rely heavily on Doctor Swanson and his contributors to engage our athletes. In addition, the Lobo Scholars Program allows the University of New Mexico to be significantly more attractive to the best and brightest potential student athletes who are being highly recruited by other institutions.”

- Head Coach Kelcy McKenna, UNM Women's Tennis
