VI. Information Items:

A. Recruitment Strategy

*Terry Babbitt, Associate Vice President for Enrollment Management
MaryAnne Saunders, Special Assistant to the President for Global Initiatives
Julie Coonrod, Dean, Graduate Studies*

Presentation is in 3 parts
UNM Recruitment – Beginning Freshman
Key Recruitment Strategies:

- Modify Territory Management approach to fit enrollment goals, resources and staffing levels.
- Expand and consolidate communication plan to include communications designed to increase yield, engage family/parents, increase communication through a variety of channels – email, mail, social media.
- Expand prospect purchases and sources.
- Strengthen tele-communication efforts to increase level of contact and service with prospective students.
- Expand quality campus experience options for prospective students, families and groups unable to participate in supported activities.
- Begin work with University Communications and Marketing to redevelop major marketing publications for use in 2013-2014 cycle.
- Executing a written and formal Recruitment Plan.
UNIVERSITY OF NEW MEXICO BOARD OF REGENTS’
ACADEMIC/STUDENT AFFAIRS & RESEARCH COMMITTEE MEETING
Thursday, May 9, 2013 – 9:00 a.m., Scholes Hall, Roberts Room

- Initiate a communication plan for high ability students of interest to UNM’s Honors College to include written and telephone outreach as well as publication development.
- Adopt a systemic staff development program to ensure clear expectations are articulated and realized.

Global Education - UNM introduction and Amigo Scholarship information to:
- High Schools Abroad:
  - American Schools (State Dept Assisted and own-Assisted)
  - British Schools
  - Parochial/Religious Schools
  - International Baccalaureate High Schools
- Community Colleges in the USA
- EducationUSA Centers Abroad
- English Language Learning Centers in the USA & abroad
- Email outreach, Skype phone calls... and physical mail. Outreach could be worthwhile for select schools or centers—posters, pennants, viewbooks.

Recruiting international students remains a challenge since processes continually change such as immigration practices and social climates. (visa status etc.)

Graduate Studies
- Graduate recruitment continues to remain relatively flat.
- Utilizing current students in marketing plan for recruiting graduate students.

VIII. Adjournment

Motion to adjourn meeting was made by Regent Overton, seconded by Provost, Chaouki Abdallah. Motion passed unanimously.

Meeting adjourned at 12:08 p.m.
SAFETY: YOU MAKE THE DIFFERENCE

Your safety and security are of prime concern at The University of New Mexico and we at the UNM Police Department are working hard to ensure the campus is a safe place to live, learn, work and play. UNM is not, however, exempt from crime. We are doing our part to prevent crimes, but to be safe and secure, YOU must take common sense precautions, be alert and look out for others. Maintaining an effective police department is a community effort, and together we can ensure UNM remains safe.

UNM: PART OF A LARGER COMMUNITY

The University of New Mexico Main Campus located in Albuquerque, New Mexico is a community of approximately 29,000 students and approximately 15,000 faculty and staff. Visitors come to our campus to attend lectures, symposia, concerts, plays, sporting activities and other events. Our 769-acre campus is surrounded by the City of Albuquerque, a metropolitan area with approximately 640,000 residents. Even with our large and constantly changing population, we have maintained an extremely low crime rate.

MISSION

The mission of the University of New Mexico Police Department is to provide the University with exceptional police services for the preservation of human rights and the protection of people and property. These services will be provided with an emphasis on proactive measures, minimizing the need for reactive responses. We will strive for positive interaction with outside agencies and maintain a strong, cooperative relationship with the community by respecting differences and fostering a better understanding through communication.

HOW UNM PROTECTS YOU

The UNM Police Department is here to protect you and offers numerous services to ensure your safety.

The UNM Police Department is open 24 hours a day, 365 days a year to respond to your needs. All UNM police officers are required to meet state certification standards mandated by the New Mexico Department of Public Safety. UNM Police officers are commissioned by The University of New Mexico Board of Regents (Section 29-5-2 NMCSA 1978). They have full power of peace officers on campus, including the authority to enforce all applicable laws, ordinances and campus traffic regulations, and the authority to arrest. Officers are also commissioned through the Bernalillo County Sheriff’s Department.

The UNM Police Department investigates complaints of on-campus criminal activity, working closely with the District Attorney’s Office to ensure effective prosecution. Through an agreement with the Albuquerque Police Department, UNM Police enforce Federal and State laws and regulations in the fraternity/sorority and student housing areas. Also, the UNM Police Department has written agreements with the New Mexico State Police, Rio Rancho Police Department and the New Mexico Motor Transportation Police Division concerning criminal investigations.

UNM Police encourage students, faculty, staff and visitors to promptly report all crimes. Crimes occurring on campus should be reported to UNM Police at 277-2241. Crimes committed off the UNM Campus should be reported to the appropriate police agency (Albuquerque Police Department, Bernalillo County Sheriff’s Office, etc.).

In an emergency you may dial 911. The 911 system automatically traces the location of all calls, which enables officers to respond even when a caller cannot provide the location. When you are on campus and dial 911, your call will be received by the UNM Police Department, and if you are off-campus, the call will be received by the Albuquerque Police Department. Outside of the Albuquerque Metro area, you will reach the appropriate law enforcement agency where the 911 System is utilized.

Special telephones providing emergency services for the deaf are placed at various locations on the UNM campus. The University Police Department is equipped with a Telephone Device for the Deaf (TDD), 277-0888 for 24-hour service.

Emergency telephones which are direct lines to the Police Communications Office are located throughout the UNM campus. You may use the emergency telephone by opening the telephone box and pressing the button. The Police Dispatcher will answer the telephone promptly, and you will be able to relate the nature of your emergency. Also, a blue light over the telephone will flash for the duration of the call to assist emergency personnel in locat-
ing the caller. We ask that you call 277-2241 to report non-emergencies. Emergency telephones will not be available to make calls directly to the Police Dispatcher as an EMERGENCY.

EMERGENCY RESPONSE & EVACUATION PROCEDURES

In the event of a significant emergency or dangerous situations involving an immediate threat on or around campus, UNM has a multi-faceted, emergency communications system designed to notify students, faculty, staff and visitors through text and email alerts, webpage notifications and a campus-wide warning sirens system. Plans and policies are in place such that the University will, without delay, and taking into account the safety of the campus community, determine the content of the notification and initiate the notification system, unless issuing a notification would constitute a clear and present danger of judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Students, faculty and staff are automatically enrolled in LoboAlerts, which is an emergency test messaging system.

The UNM Emergency Command Policy (UNMP Policy 6130) outlines the process that the UNM Police Department uses to confirm that a significant emergency exists and the process used to target messages to the appropriate segments of the Albuquerque campus. The decision to send out notification of a significant emergency lies with the UNM Executive Vice President for Administration, the UNM Police Chief, and/or the UNM Emergency Operations Center Director, or any of their respective designees. Ideally, these officials will collaborate when deciding whether to initiate the notification system; however, these officials are authorized to initiate the system on their own, without first obtaining the concurrence of the other, if circumstances do not allow for collaboration. The University Communication and Marketing Department assists in the development of the content of the notification message, which is then disseminated by the appropriate communications personnel to the campus community through one or more of the systems described above.

UNM conducts exercises of the campus warning system at the beginning of each semester. These exercises are announced through the local media, campus newspaper and webpage one-week in advance. All facets of the system are exercised including text and email alerts, web page updates and warning siren system. In addition, the Emergency Operations Center conducts exercises at least twice annually, and the UNM Hospitals participate in joint exercises within the city at least twice annually. Also, other campus subunits, including the Residence Halls, conduct evacuation exercises at least twice annually. In addition to these exercises, the Emergency Operations Center may be subject to, or authorize, other unannounced exercises.

UNM provides orientation to new students, faculty, staff and campus groups and departments regarding basic safety and emergency preparedness efforts. Materials are available online allowing the campus community to refresh their understanding of emergency response and evacuation procedures at any time. Lobo Red-E, UNM’s Emergency Preparedness webpage is available at http://hoboroede.unm.edu. UNM has an Emergency Management Committee which reviews emergency response and evacuation plans and procedures on an ongoing basis. The UNM Office of Emergency Management maintains documentation of each test, a description of the exercise, the date, time and whether it was announced or unannounced.

TIMELY WARNING NOTICES

If the UNM Police Department receives information that a crime has occurred that represents a serious or continuing threat to the UNM community, a timely warning notice will be sent to students, staff and faculty in an effort to promote safety and aid in the prevention of similar crimes. The UNM Chief of Police (or designee) authorizes the issuance of a timely warning notice. The notice will include information about the circumstances that triggered the timely warning and what action members of the campus community are advised to take to protect themselves.

The UNM Chief of Police (or designee) may decide to issue updates as needed as the situation evolves.

The University of New Mexico maintains multiple systems that are utilized to warn the campus community of crimes, including text alerts, email alerts, and web alerts. Students, faculty and staff are automatically enrolled in LoboAlerts, which is an emergency test messaging system.

The UNM Police Department works with the University’s communications departments to determine the content of the alert, which is then disseminated by the appropriate communications department to the campus community through one or more of the systems described above. The UNM Police Department controls access to campus sirens and, depending upon the nature of the situation, the UNM Chief of Police (or designee) may authorize the sounding of sirens as part of a timely warning.

CRIME REPORTING

The UNM Police Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the UNM Police Department cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other UNM campus security authorities, as identified below. Confidential reports of crime may also be made to State Crime Stoppers at 843-STOP (843-7867).

The UNM Police Department compiles and reports annual crime statistics to inform the University community about crime and related problems. Statistics are gathered from UNM Police Department reports and through consultation with the Albuquerque Police Department and the Bernalillo County Sheriff’s Department, where appropriate. UNM also consults with other campus security authority offices to compile crime statistics including the Dean of Students Office, Residence Life Office, Student Activities Center, University Hospital, School of Medicine, College of Nursing, College of Pharmacy, School of Law, UNM Research Park, UNM athletics team coaches and certified student organization advisors. Reports of crimes made to these offices are also disclosed in the annual crime statistics.

Tables 1a and 1b show 2011 statistics for reported crimes and referrals for disciplinary action for the UNM campus as well as noncampus areas and surrounding public property.

Tables 2a and 2b at the end of this report contains 2010 crime statistics. Table 3 contains 2009 crime statistics.

SEX OFFENDER REGISTRATION

In accordance with the Campus Sex Crimes Prevention Act of 2000 (CSCPA), the UNM Police Department is providing a link to the New Mexico Department of Public Safety for law enforcement agency information concerning registered sex offenders. The CSCPA requires institutions of higher education to inform the campus community where law enforcement information about registered sex offenders may be obtained. It also mandates that sex offenders who are required to register in a State must also give notice of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. Additionally, the New Mexico Sex Offender Registration and Notification Act requires a convicted sex offender who is employed, enrolled, or carrying on a vocation at an institution of higher education to register with the University’s law enforcement department, the university registrar, the county sheriff for the county in which the higher education institution is located as well as the county sheriff for the county in which the sex offender resides.

Registration at UNM is administered by the UNM Police Department (Hokora Hall, 2500 Campus Blvd NE) or the Registrar’s Office.

A list of registered sex offenders is available from the New Mexico Department of Public Safety at www.runwssexoffender.dps. state nm us/ or by calling the Bernalillo County Sheriff’s Department at (505) 406-7100.

CRIME PREVENTION PROGRAMS

We also offer several crime prevention programs designed to keep you safe.

- ARM SYSTEMS: We operate a computerized intrusion and fire alarm system to monitor facilities throughout campus to enhance personal and building security.

- BICYCLE REGISTRATION: The Police Department strongly encourages that everyone operating a bicycle at UNM have it registered. Registration is free and valid for four years. Bicycle registration is available at a UNM Police Department.

- CRIME PREVENTION MATERIALS: Free brochures and other documents regarding crime prevention are available at the Police Department and other campus locations.

- CRIME PREVENTION PRESENTATIONS: We conduct crime prevention presentations at student orientation sessions and other events.

- CRIME STOPPERS: Anybody who has witnessed or has information about a crime should call State Crime Stoppers at 843-STOP (843-7867).

- ESCORT SERVICE: We provide 24-hour escort service from the University, either on foot or in a vehicle within a one-mile radius of the University campus. Assistance is available for stalled vehicles or keys locked in vehicles. For escort service call 277-2241.

- LOST AND FOUND: The Police Department operates the lost and found service for the University.

- OPERATIONS IDENTIFICATION: We participate in the Operation Identification Program. For assistance, phone 277-2241.

- VICTIM/WITNESS ASSISTANCE: PROGRAM: Contact 841-7020.

- PARKING AND TRANSPORTATION SERVICES: Parking and Transportation Services provides lighted shelters at bus stops and offers a reliable shuttle bus system throughout the campus from remote parking area. For additional information, call 277-1000.

- ACCESS TO CAMPUS FACILITIES: We strive to make our campus safe by limiting access to buildings after hours. Buildings on campus are generally open during regular business hours, when classes are in session and for special events. Persons authorized to remain in a building after closing time are required to have proper identification at all times. Police and security personnel conduct internal and external checks of buildings on campus.

Entry to Student Family Housing is controlled by code access through an electronic gate. Security guards are on duty during the evening hours to protect the safety and security of the complexes and residents.

UNM maintains eight residence hall complexes on campus. Resident Hall Community Safety and crime prevention techniques are emphasized at orientation/floor meetings for residents at the start of the semester. Further information may be obtained from the Residence Hall Handbook.
SAFETY TIPS
We have instituted many programs at UNM to ensure your safety while on campus, but safety really begins with you. The following are some tips to help protect yourself from crime:

• If you go out for a late night snack or study break, go with a friend, not alone.
• Walk purposefully. Look confident. Watch where you are going. Be alert to your surroundings.
• Use well-lighted, well-traveled routes. Avoid shortcuts through isolated areas.
• Lock all doors and close all windows when leaving your car, whether it is for a few minutes or for several hours.
• Have keys ready when you approach your car. Check the car for intruders before entering and lock your door immediately after getting into your car.
• Always lock your bike or motorcycle when leaving it unattended, even if it is only for a few minutes. Use the U-shaped high security lock whenever possible.
• If you witness a crime, call UNM Police immediately.
• List only first initials and last name in telephone directories.
• Hang up immediately on obscene telephone calls.
• Don't keep large sums of money in your office, dorm room, study area or apartment.
• Lock doors and windows, even if you are just going out for a minute.

If you are a victim of a crime or become aware of any suspicious circumstances, call UNM Police immediately.

SEXUAL ASSAULT POLICY
The University of New Mexico recognizes the harm caused by sexual assault and the need to educate the University community regarding this issue. The University of New Mexico sexual assault policy can be found at the end of this Safety and Security report.

DRUG AND ALCOHOL POLICY
UNM's policy on illegal drugs and alcohol can be found at the end of this Safety and Security Report. The unlawful manufacture, distribution, dispensing, possession, or use of controlled substances or alcohol on UNM property as part of any activity by any member of the University community (faculty, staff, or student) is strictly prohibited. Federal and State laws relating to controlled substances and alcohol are enforced by the UNM Police Department. The University enforces the State of New Mexico underage drinking laws and therefore does not permit the possession or consumption of alcoholic beverages by people under the age of twenty-one.

As a condition of enrollment or employment, all UNM employees and students are required to abide by the terms of the policy. Violation of the policy will result in disciplinary action up to and including employee dismissal or student expulsion and/or participation in approved substance abuse treatment or rehabilitation programs.

Recognizing the dangers of substance abuse in the work place, UNM uses alcohol and drug-free awareness programs to inform the community of the issues and risks of substance abuse. Numerous educational and treatment resources are also available, including:

• AGORA CRISIS CENTER
This UNM student-run organization provides free listening and referral services by trained students and community volunteers. Phone: 577-1031

• ADDICTION AND SUBSTANCE ABUSE PROGRAMS (ASAP)
The mission of ASAP is to provide treatment services to the community. Phone 925-2400.
• COUNSELING, ASSISTANCE AND REFERRAL SERVICE (CARS)
This employee assistance program for UNM staff provides counseling and referral services. Phone 577-0698.
• DEPARTMENT OF PSYCHOLOGY CLINIC
This training clinic for Ph.D. students in clinical psychology provides treatment services to the university community and the community at large. Phone 277-5164
• CAMPUS OFFICE OF SUBSTANCE ABUSE PREVENTION
COSAP coordinates and develops substance abuse prevention and training programs and policies for the university and larger community. Phone 277-2705.
• COUNSELING AND THERAPY SERVICES (CATS), STUDENT HEALTH & COUNSELING
This department of the Student Health & Counseling (SHAC) offers psychological and psychiatric services to UNM students. Phone 277-4537.
• UNM PSYCHIATRIC EMERGENCY SERVICE (PES)
This department of the University Psychiatric Center is open 24 hours a day, 7 days a week for emergency (life-threatening) services. Phone 272-2920.
• WOMEN'S RESOURCE CENTER
This center promotes, supports and advocates for all women in the university community, it can provide information and referrals. Phone 277-3716.
• ALBUQUERQUE RAPE CRISIS CENTER
This community center provides counseling and advocacy for victims of sexual assault. Phone 266-7711.
• HEALTH EDUCATION AND PREVENTION
This department of the Student Health Center is focused on the health and well-being of UNM students. Services include message therapy and two student programs, Peer Educators and Peer Consultants. Phone 277-7947.

MISSING RESIDENT STUDENT NOTIFICATION POLICY & PROCEDURE
The University of New Mexico takes student safety very seriously. To this end, and in compliance with the Higher Education Opportunity Act of 2008, the purpose of this policy is to provide procedures for reporting, investigating and making emergency notifications regarding any residential student of UNM who, based on the facts and circumstances known to UNM, has been determined to be missing.

For purposes of this policy, a residential student of UNM is a student who is currently enrolled and resides in on-campus housing or in privately owned Greek housing on campus.

Student Contact Information
Residential students have the opportunity to identify an individual who will be contacted by UNM not later than 24 hours after the time that the student is determined to be missing. The contact person may be a parent, legal guardian or other person of the student's choosing, except if the student is under 18 years of age and is not emancipated. UNM must notify a parent or legal guardian not later than 24 hours after the time that the student is determined to be missing. Student contact information is held confidential and is accessible only to authorized UNM officials and law enforcement entities involved in a missing person investigation. Students living in UNM residence halls can register their confidential contact information, or make any changes to previously registered information, through Residence Life and Student Housing. Students residing in Greek housing can register their confidential contact information through the Greek Life Office of UNM Student Activities Center. Students are responsible for ensuring that their contact information is up-to-date and accurate.

MISSING STUDENT NOTIFICATION PROCEDURES
UNM students, employees or other individuals who have reason to believe that a residential student is missing should immediately report their concerns to the UNM Police Department. If the Residence Life and Student Housing Office, Greek Life Office or other department receives a report of a missing student, UNM Police Department should be notified immediately. The UNM Police Department will, as appropriate, engage the Residence Life and Student Housing and other UNM departments in immediate efforts to locate the student. These efforts may include but are not limited to:

• Contacting the student via his or her telephone or email.
• Checking the student's residence; determining if the student has been in class or used his or her UNM ID card.
• Checking with roommates, friends and others who may have relevant information.

If these efforts are unsuccessful in locating the student, UNM Police Department will inform the Dean of Students that the student is missing and the following will occur:

• The Dean of Students, or designee, will notify the student's designated missing person contact within 24 hours of being informed by UNM Police Department that the student is missing.
• If the missing student is under the age of 18 and is not emancipated, the Dean of Students, or designee, will notify the student's custodial parent or legal guardian within 24 hours of being informed by UNM Police Department that the student is missing.
• UNM Police Department will notify any other law enforcement agencies, as appropriate, for purposes of coordinating the investigation and continuing efforts to locate the student.
• The Dean of Students will initiate actions deemed appropriate under the circumstances in the best interest of the missing student. For example, contacting the student's instructors may occur if necessary or beneficial in the situation is the student and/or instructors.

Notification of Policy
Students will receive notification of this Policy annually through inclusion in the University of New Mexico Annual Security Report and as part of the housing registration process for residential students.

WEAPONS POLICY
With very few exceptions, employees, students and visitors are not permitted to use or possess weapons on any part of the campus. A weapon includes, but is not limited to: firearms, ammunition and other dangerous weapons, substances, or materials; and bombs, explosives, or incendiary devices.

Persons who have such weapons in their possession must deposit them with the Police Department for the duration of their stay at UNM. Persons carrying a concealed handgun pursuant to a New Mexico state license must also deposit their weapons with the UNM Police Department while on campus. Anyone failing to comply will become subject to appropriate disciplinary and/or criminal action. The UNM Weapons Policy is printed in its entirety in The UNM Pathfinder which is available in the Dean of Students Office (Student Services Center). The Pathfinder is also available on-line at http://www.unm.edu/dean/pathfinder.html.

FIRE SAFETY REPORT
In accordance with the Higher Education Opportunity Act of 2008, UNM is providing mandatory fire safety information as part of this Annual Report. Detailed data for all off-campus student housing facilities can be found in Table 4 at the end of this Annual Report. UNM’s Safety & Risk Services Department maintains information on fires and fire alarms in University-owned residential halls and Student Family Housing. All of the Greek Fraternity and Sorority housing is governed by their respective Greek organizations rather than UNM. The Student Activities Center collects information on fires occurring in Greek housing from the fraternities and sororities.

Fire Safety Policies and Rules

Students who live in UNM residence halls and apartments are part of an academic community that has its own community standards to promote the well-being of all residents. The community standards include rules for fire safety, some of which are explained below. The complete Community Living Guide for Residence Life & Student Housing can be found at http://housing.unm.edu/documents/communityguide.pdf.

Smoking: Smoking is not permitted anywhere in the residence halls and apartments. UNM is a tobacco-free campus and smoking is prohibited in all University property except for a number of specifically designated outdoor areas.

Open flames: Open flames are prohibited in the residence halls and apartments. Students are not allowed to burn or possess candles, incense, hurricane lamps, lighter fluid, propellant or charcoal in their rooms.

Cooking and electrical appliances: Residence hall and apartment students may bring and use in their rooms a microwave (800 watts or less), hot pot, coffee maker, rice cooker and two other pop-up appliances. Appliances with a visible heating element or which use hot oil (e.g. toasters, toaster ovens, George Forman grills) are prohibited. Possession of uninstalled or unsecured cooking or heating appliances may result in disciplinary action, including imposition of a fine if use damages the room or apartment. Halogen lamps are prohibited in residence halls and apartments because they pose a fire hazard.

The Residence Life Community Living Guide requires that all electrical appliances, cords and products be listed with National Standards. The Guide also requires that all equipment be maintained in excellent working condition. Overloading electrical outlets is prohibited and only approved surge protectors/circuit breakers are permitted.

Residents should report all fires or other emergencies to the 24-hour Student Residence Center Desk by employing the audible emergency call boxes located near hall entrances, wing exits and in Student Residence Center apartments or by telephone. Residents may also report a fire directly to the fire department by calling 9-911. The Student Residence Center Desk is staffed on a 24-hour basis to respond to emergencies.

Residence hall/apartments conduct four fire drills each academic year (typically two per semester). When a fire alarm sounds in the event of a fire drill or an actual fire, residents must follow established building evacuation procedures as follows:

- All residents and guests are required to exit the building.
- Close all room windows and open doorways.
- Grab a blanket or towel to prevent smoke inhalation.
- Leave room as quickly as possible and proceed to designated exit.
- Leave ceiling lights in room on.
- Lock your door and take your room key with you.
- Do not go out through emergency exits, unless it is truly an emergency or fire.
- Once you are outside of the building move at least 100 feet away from the building to your designated safe area and stay until a signal to return is given by a residence hall staff member.
- Stay clear of fire lanes and hydrants.
- Do not remove or alter electrical fixtures or hardware.

UNM strives to educate residential students about fire safety. Resident Advisors (student staff who live in each residence hall and apartment complex) attend training provided by UNM’s Safety & Risk Services Department on responding to emergency situations, including fires. The training includes how to evacuate the halls and use of the fire extinguishers located in residence halls and apartments. All students living in residence halls and apartments attend mandatory fire drills each semester with their Resident Advisors to review fire safety materials and Resident Advisors discuss fire evacuation plans for their specific residence halls.

In 2012, UNM Safety & Risk Services began working with Residence Life to expand the type and amount of safety training for staff and Resident Advisors as well as housing maintenance. The training includes an on-line training video and a “smoke house” session where RA’s are trained on how to enact a smoke-filled building. UNM Safety & Risk Services continues to provide building familiarization for the local fire department. This is an ongoing collaboration with the local fire department given building upgrades.

The student Family Housing complex consists of 200 apartments located a three-minute drive south of the main campus. Student Family Housing is designed for UNM students with spouses, domestic partners or families. Student Family Housing has on-site management staff and Community Resident Assistants who receive training in fire safety and evacuation procedures.

Normal small electrical appliances are approved for use in Student Family Housing. Electric heaters and air conditioners and other large electrical appliances are not permitted. Student Family Housing prohibits the burning or possession of candles, incense, kerosene lamps, lighter fluid, propane or charcoal grills under covered patios. Student Family Housing is also a smoke-free environment so that residents and their visitors are not allowed to smoke in apartments, or on porches, patios, balconies, and adjacent areas. The complete Student Family Housing Community Living Guide can be found at http://housing.unm.edu/student-family-housing/guides/lobo-guide.pdf.

Lobo Village is owned and managed by American Campus Community (ACC), in partnership with Residence Life & Student Housing. Table 4, 2011 Fire Statistics for UNM Student Residential Facilities, includes information about Lobo Village. Students residing in Lobo Village can look to ACC’s lease and resident handbook for information on rules and policies about fire safety. Lobo Village permits smoking inside apartments and designated outside areas. Smoking is not allowed inside the clubhouse, office areas and amenities. The use of candles or other burning or smoking devices (including hookahs and shisha) are prohibited inside apartments. Residents with questions can contact the Lobo Village office.

Greek Housing

UNM’s Greek community hosts 24 fraternity and sorority chapters. Of these 24 chapters, eight chapters own and manage chapter houses where members of the fraternity or sorority may reside. These Greek houses are within the UNM campus but they are neither owned nor managed by the University. Chapter houses are owned by the Greek organizations themselves. All of the Fraternity and Sorority chapters that own houses are affiliates of their respective national Greek organizations which set rules and policies governing chapter houses.

Chapter houses are required to be inspected annually by the Albuquerque Fire Department and must conduct one fire drill each semester. The UNM Student Activities Center collects reports of fires occurring in Greek housing. In 2011, no reported fires occurred in any fraternity or sorority chapter house.

Information about fire safety in the eight fraternity and sorority chapter houses where UNM Greek students reside in 2011 can be found at the end of this report in Table 5.

SEXPRESS ASSAULT POLICY

Approved by the President 10/7/05

I. PURPOSE OF POLICY

IV. PROCEDURES STUDENTS SHOULD FOLLOW IF A SEX OFFENSE OCCURS

The University's Student Code of Conduct and Visitor Code of Conduct, which apply to the main and all of the branch campuses and educational centers, expressly forbid the commission of sexual assault including rape. Any student who is a victim of such an offense may pursue charges against the perpetrator under these policies. It is important for victims of sexual offenses to understand the steps to take in order to preserve evidence as it may be necessary in the proof of sexual assault in the criminal process and the student discipline system. Victims should not bathe, shower, wash, douche, brush one's teeth, comb one's hair or change clothes before seeking medical attention. Important evidence may be on the victim's body and/or clothing. This evidence can be collected during the medical examination.

A. Main Campus

1. A student who is the victim of a sex offense on campus or at a University sponsored or sanctioned activity should immediately contact the University Police Department at 505-277-2241 if calling from off-campus and 911 if calling from on-campus to report the incident. A student who is the victim of a sex offense off-campus should immediately contact the Albuquerque Police Department by dialing 911.

   The Police Department called will contact the Albuquerque Rape Crisis Center to have a counselor meet the student and responding police officer at the appropriate medical facility.

   The Rape Crisis Center may be contacted directly by calling 505-266-7711.

The University recognizes the need for victims of sex offenses to have a caring and knowledgeable support person available to discuss their situation with, assist them in receiving appropriate medical attention and filing appropriate criminal charges.

   The University, including the University Police Department, works closely with the Albuquerque Rape Crisis Center in providing this assistance.

2. The University's Student Code of Conduct and Visitor Code of Conduct expressly forbid the commission of sexual assault including rape. A student who is a victim of such an offense may pursue charges against the perpetrator under these policies.

   The Dean of Students Office is also available to assist victims of sex offenses in making appropriate accommodations in their academic and living arrangements.

V. NOTIFICATION OF LAW ENFORCEMENT

VI. PROCEDURES FOR CAMPUS DISCIPLINARY ACTION

The University of New Mexico’s Student Code of Conduct and Visitor Code of Conduct, which apply to the main campus and all branch campuses and educational centers, prohibit “any form of sexual assault including rape.”

A. Main Campus

On main campus the Student and Visitor Codes of Conduct are administered by the Dean of Students Office. The University’s Residence Hall policies also prohibit sex offenses. The Office for Residence Life administers a disciplinary system which addresses misconduct of residence hall students which occurs in the residence halls. A person who is a victim of a sex offense committed by a student, or a student who is a victim of a sex offense committed by a visitor to the University has the option of pursuing charges against the alleged perpetrator of the offense under the relevant Code of Conduct.

Vice-presidents of sex offenses are encouraged to report them to the appropriate law enforcement authorities and to meet with the University’s Student Discipline Officer in the Dean of Students Office to discuss pursuing charges under the relevant policy.

A victim of a sex offense is permitted and encouraged to be accompanied at that meeting by a support person of their choice. Counselors from the Albuquerque Rape Crisis Center, Student Wellness Center, Women’s Center and the District Attorney’s Victim Impact Program are available to accompany and assist the victim of a sex offense throughout the University’s disciplinary process.

Under the University’s Student Grievance Procedure and Residence Life Disciplinary Policies, the alleged victim of a sex offense and the alleged perpetrator are entitled to the same opportunities to have others present as advisors during disciplinary proceedings. Both the alleged victim and alleged perpetrator will be informed of the final determination of a disciplinary proceeding with respect to the alleged sex offense and any sanctions that are imposed on the accused. As described in the University’s Student Grievance Procedure alleged victims in student disciplinary proceedings have rights which are protected throughout the discipline process. These rights are:

1. The right to have a person of their choice accompany them throughout their participation in the discipline process.

2. The right to submit a victim impact statement to the hearing officer or committee.

3. The right to have past irrelevant behavior excluded from the hearing determination. Because of the serious nature of the action, victim’s sexual or physical assault also have these additional rights.

4. With a recommendation from a licensed mental health counselor, victims may testify from a room or from another room as long as it does not interfere with the accused’s right to confront and question witnesses.

5. The right to be notified in writing of the final determination and any sanctions imposed as a result of the discipline process.

6. The right to be informed of options to notify law enforcement authorities on and off campus as to the incident and to be assisted in doing so by campus officials.

7. The right to be informed of the option for any available assistance in making reasonable changes in academic and on campus living situations.

8. The right to be notified of existing counseling, mental health or student services for victims of physical or sexual assault.

The specific procedures by which Student and Visitor Code of Conduct Violations are resolved can be found in the Student Grievance Procedure published in the University of New Mexico Pathfinder.
B. Extended University – Santa Fe

Violations of the Student and Visitor Codes of Conduct at the Santa Fe Graduate Center are referred to the Dean of Students Office on Main Campus to be handled in the same manner as on Main Campus. Violators retain the same rights as those enumerated for Main Campus. The phone number for Main Campus Dean of Students Office is 505-277-3361.

C. Taos Branch Campus

Violations of the Student and Visitor Codes of Conduct at the Taos Education Center are administered by the Student Services Office (505-738-2516).

IX. SANCTIONS

Under the University’s Student Conduct Code of Conduct which applies to the main and all of the branch campuses and educational centers, a student who commits a violation of this Code, including a sex offense, is subject to the following possible sanctions:

2. Written Warning - means a written reprimand.
3. Disciplinary Probation - means the establishment of a period of time during which further acts of misconduct may or will result in one or more severe disciplinary sanctions depending upon the conditions of the probation.
4. Probation - means the establishment of a period of time during which further acts of misconduct may or will result in one or more severe disciplinary sanctions depending upon the conditions of the probation.
5. Removal from campus means being physically escorted or forcibly removed to a location off property owned or controlled by The University, by University Police Officers or other University agents.
6. The sanctions of denial of admission, readmission, or employment by the University.

POLICY ON ILLEGAL DRUGS & ALCOHOL

Adopted by the President
August 3, 1990
Revised September 11, 1992

This Policy on Illegal Drugs and Alcohol is adopted pursuant to federal laws and because of the commitment of The University of New Mexico to an environment for the pursuit of its educational mission free of drugs and the illegal use of alcohol. Drug and alcohol abuse on campus presents a serious threat to the health and welfare of faculty, staff and students, impairs work and academic performance, jeopardizes the safety and well-being of other employees, students and members of the general public, and conflicts with the responsibility of The University of New Mexico to foster a healthy atmosphere for the pursuit of education, research and service.

This policy covers all property owned, leased, or controlled by The University of New Mexico or any other site where official University business is being conducted. Controlled substances means substances in Schedules I through V of section 102 of the Controlled Substances Act, 21 U.S.C. 812, and including regulations, 21 CFR 1301.70-1308.15. Controlled substances include, but are not limited to, marijuana, cocaine (including “crack”), amphetamines, heroin, PCP, hallucinogens, and certain prescription drugs.

Illegal use of alcohol includes, but are not limited to, serving, buying or drinking alcohol by a minor, assisting a minor or an intoxicated person to get or sell alcohol without a license, and driving while under the influence. This policy is not intended to supersede or negate any existing policies on substance abuse, student or employee discipline, or any additional requirements imposed on The University of New Mexico or its students, faculty or staff by federal or state law.

I. Policy Statement

The unlawful manufacture, distribution, dispensing, possession or use of controlled substances or alcohol on UNM property or in any of its activities by any member of The University of New Mexico community faculty, staff or students is strictly prohibited.

As a condition of employment, all employees, faculty and staff - of The University of New Mexico shall abide by the terms of this policy. Violation of this policy shall result in disciplinary action, up to and including dismissal. For more detailed information, faculty should refer to the Faculty Handbook and/or contact the Faculty Grants and Contracts Office. Staff may refer to the University Business Policies and Procedures Manual and/or contact the Human Resources Department.

As a condition of continued registration and enrollment, any student of The University of New Mexico shall abide by this policy. Violation of this policy shall result in disciplinary action, up to and including expulsion. For more detailed information, students should refer to the Student Code of Conduct and related policies printed in the UNM Pathfinder and/or contact the Dean of Students Office.

UNM responds to any violation of this policy which may include, as a trial or parallel alternative to disciplinary action, a requirement that the employee or student participate satisfactorily in an approved substance abuse treatment or rehabilitation program as a condition of continued employment or registration enrollment. Any employee or student in the performance of work under federal contract or grant is required, as a condition of employment, to notify The University if he or she is convicted of a criminal drug statute violation occurring in the workplace within five days of such conviction. The supervisor shall notify the University Counselor’s Office. Failure of the employee to notify the supervisor shall be grounds for disciplinary action.

In recognition of the dangers of substance abuse in the workforce, The University of New Mexico shall maintain alcohol and drug-free awareness programs to inform members of the University community about the issues and risks of substance abuse, and about counseling and treatment resources. The University shall assign responsibility for such awareness programs to specific administrative entities, which shall be provided sufficient resources to develop and maintain the programs. As a matter of policy, any referral, treatment, awareness or
II. Legal Sanctions for the Unlawful Possession or Distribution of Illicit Drugs and Alcohol

The penalties for even the most minor of violations of the Liquor Control Act can include fines of up to $500, confiscation of property and imprisonment for up to seven months. More serious violations may carry greater penalties, with longer fines and longer imprisonment.

Driving or using machinery after drinking or using drugs creates the risk that the user may injure or kill someone. This can result in homicide charges. License revocation and vehicle impoundment are also possible results of driving while under the influence of liquor or drugs. The maximum blood alcohol levels at which drivers' licenses are revoked in New Mexico are: 0.02% for those under 21 and 0.08% for those 21 and over. All drivers in New Mexico are presumed to be intoxicated at the 0.08% level.

In drug-related cases, a court can permanently suspend eligibility for federal benefits, including financial aid. A criminal record can seriously hurt educational and career opportunities.

Penalties for illegal drug use can include significant fines and imprisonment. Penalties for the illegal sale of drugs are greater, and may include property confiscation. Alternative penalties for illegal drug or alcohol use may also include mandatory community service. Violation of laws by a foreign national may result in deportation.

Details on federal and state sanctions for the unlawful possession or distribution of illegal drugs are contained in the Policy on Illegal Drugs and Alcohol that appears on page 33 of the 2007-2008 UNM Pathfinder.

III. Health Risks Associated with Use of Illicit Drugs and the Abuse of Alcohol

Excessive alcohol consumption and abuse of illicit drugs can lead to certain types of cancer, pathological changes in the liver, brain, heart and muscle which can lead to disability and death, addiction, birth defects, shortened life span, stroke, kidney disease, hepatitis, varicose veins, and other health problems. Alcohol and drugs are also a major factor in homicides, assaults, rapes, suicides, family and date violence. Alcohol is significantly involved in all types of accidents—motor vehicle, home, industrial, and recreational. Unintended pregnancies and sexually transmitted diseases are often associated with alcohol or other drug abuse, as well as relationship, academic or work problems.

For more information on the possible effects and health risks associated with the use of illicit drugs and alcohol, contact the Student Health Center or the UNM Campus Office of Substance Abuse Prevention (277-2795). Information on the possible effects and health risks associated with the use of illicit drugs and controlled substances is also contained in the Policy on Illegal Drugs and Alcohol that appears on page 33 of the 2007-2008 UNM Pathfinder.

IV. Campus Resources for Substance Abuse Problems

Campus Resources for Faculty and Staff

If you are concerned about your own, an employee's or a colleague's alcohol or drug use, contact the CARS program. The intent of CARS is not to intrude into the private lives of University employees, but rather to provide services for those who choose to request help with problems. Your contact with CARS is confidential within the limits of applicable law and ethical guidelines. Individual assessments, short-term counseling, consultation and referrals are available. CARS also offers presentations on a variety of topics, voluntary medication services, group crisis intervention, and team building.
