ANNUAL SECURITY & FIRE SAFETY REPORT 2012

SAFETY: YOU MAKE THE DIFFERENCE

Your safety and security are of prime concern at The University of New Mexico and we at the UNM Police Department are working hard to ensure the campus is a safe place to live, learn, work and play. UNM is not, however, exempt from crime. We are doing our part to prevent crimes, but to be safe and secure, YOU must take common sense precautions, be alert and look out for others. Maintaining an effective police department is a community effort, and together we can ensure UNM remains safe.

UNM: PART OF A LARGER COMMUNITY

The University of New Mexico Main Campus located in Albuquerque, New Mexico is a community of approximately 29,000 students and approximately 15,000 faculty and staff. Visitors come to our campus to attend lectures, symposia, concerts, plays, sporting activities and other events. Our 769-acre campus is surrounded by the City of Albuquerque, a metropolitan area with approximately 640,000 residents. Even with our large and constantly changing population, we have maintained an extremely low crime rate.

MISSION

The mission of the University of New Mexico Police Department is to provide the University with exceptional police services for the preservation of human rights and the protection of people and property. These services will be provided with an

emphasis on proactive measures, minimizing the need for reactive responses. We will strive for positive interaction with outside agencies and maintain a strong, cooperative relationship with the community by respecting differences and fostering a better understanding through communication.

HOW UNM PROTECTS YOU

The UNM Police Department is here to protect you and offers numerous services to ensure your safety.

The UNM Police Department is open 24 hours a day, 365 days a year to respond to your needs. All UNM police officers are required to meet state certification standards mandated by the New Mexico Department of Public Safety. UNM Police officers are commissioned by The University of New Mexico Board of Regents (Section 29-5-2 NMSA 1978). They have full power of peace officers on campus, including the authority to enforce all applicable laws, ordinances and campus traffic regulations, and the authority to arrest. Officers are also commissioned through the Bernalillo County Sheriff's Department.

The UNM Police Department investigates complaints of on-campus criminal activity, working closely with the District Attorney's Office to ensure effective prosecution. Through an agreement with the Albuquerque Police Department, UNM Police enforce Federal and State laws and regulations in the fraternity/sorority and student housing areas. Also, the UNM Police Department has written agreements with the New Mexico State Police, Rio Rancho Police Department and the New Mexico Motor Transportation Police

Division concerning criminal investigations.

UNM Police encourage students, faculty, staff and visitors to promptly report all crimes. Crimes occurring on campus should be reported to UNM Police at 277-2241. Crimes committed off the UNM Campus should be reported to the appropriate police agency (Albuquerque Police Department, Bernalillo County Sheriff's Office, etc.)

In an emergency you may dial 911. The 911 system automatically traces the location of all calls, which enables officers to respond even when a caller cannot provide the location. When you are on campus and dial 911, your call will be received by the UNM Police Department, and if you are off-campus, the call will be received by the Albuquerque Police Department. Outside of the Albuquerque Metro area, you will reach the appropriate law enforcement agency where the 911 System is utilized.

Special telephones providing emergency services for the deaf are placed at various locations on the UNM campus. The University Police Department is equipped with a Telephone Device for the Deaf (TDD), 277-0888 for 24-hour service.

Emergency telephones which are direct lines to the Police Communications Office are located throughout the UNM campus. You may use the emergency telephone by opening the telephone box and pressing the button. The Police Dispatcher will answer the telephone promptly, and you will be able to relate the nature of your emergency. Also, a blue light over the telephone will flash for the duration of the call to assist emergency personnel in locat-

ing the caller. We ask that you call 277-2241 to report non-emergencies. Emergency telephones will not enable you to make calls other than directly to the Police Dispatcher as an EMERGENCY.

EMERGENCY RESPONSE & EVACUATION PROCEDURES

In the event of a significant emergency or dangerous situation involving an immediate threat on campus, UNM has a multi-faceted, emergency communications system designed to notify students, faculty, staff and visitors through text and email alerts, web page notifications and a campus-wide warning siren system. Plans and policies are in place such that the University will, without delay, and taking into account the safety of the campus community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Students, faculty and staff are automatically enrolled in LoboAlerts which is an emergency text messaging system and the greater community can also receive the alerts through social networking sites like Twitter and Facebook, or can sign up for the UNM Community Text Messaging site.

The UNM Emergency Control Policy (UNM Policy 6130) outlines the process that the UNM Police Department uses to confirm that a significant emergency exists and the process used to target messages to the appropriate segments of the Albuquerque campus. The decision to send out notification of a significant emergency lies with the UNM Executive Vice President for Administration, the UNM Police Chief, and/or the UNM Emergency Operations Center Director, or any of their respective designees. Ideally these officials will collaborate when deciding whether to initiate the notification system; however, these officials are authorized to initiate the system on their own, without first obtaining the concurrence of the others, if circumstances do not allow for collaboration. The University Communication and Marketing Department assists in crafting the content of the notification message which is then disseminated by the appropriate communications department to the campus community through one or more of the systems described above.

UNM conducts exercises of the campus warning system at the beginning of each semester. These exercises are announced through the local media, campus newspaper and webpage one-week in advance. All facets of the system are exercised including text and email alerts, web page updates and warning siren system. In addition, the Emergency Operations Center conducts exercises at least twice annually, and the UNM Hospitals participate in joint exercises within the city at least twice annually. Also, other campus subunits, including the Residence Halls, conduct evacuation exercises at least annually. In addition to announced exercises, the Emergency Operations Center may be subject to, or authorize, other unannounced exercises.

UNM provides orientation to new students, faculty, staff and campus groups and departments regarding basic safety and emergency preparedness efforts. Materials are available on-line allowing the campus community to refresh their understanding of emergency response and evacuation procedures at any time. Lobo Red-E, UNM's Emergency Preparedness webpage is available at <http://loborede.unm.edu>. UNM has an Emergency Management Committee which reviews emergency response and evacuation plans and procedures on an on-going basis. The UNM Office of Emergency Management maintains documentation of each test, a description of the exercise, the date, time and whether it was announced or unannounced.

TIMELY WARNING NOTICES

If the UNM Police Department receives information that a crime has occurred that represents a serious or continuing threat to the UNM community, a timely warning notice will be sent to students, staff and faculty in an effort to promote safety and aid in the prevention of similar crimes. The UNM Chief of Police (or designee) authorizes the issuance of a timely

warning notice. The notice will include information about the circumstance that triggered the timely warning and what action members of the campus community are advised to take to protect themselves. The UNM Chief of Police (or designee) may decide to issue updates as needed as the situation evolves.

The University of New Mexico maintains multiple systems that are utilized to warn the campus community of crimes, including text alerts, email alerts, and web alerts. Students, faculty and staff are automatically enrolled in LoboAlerts, which is an emergency text messaging system.

The UNM Police Department works with the University's communications departments to determine the content of the alert, which is then disseminated by the appropriate communications department to the campus community through one or more of the systems described above. The UNM Police Department controls access to campus sirens and, depending upon the nature of the situation, the UNM Chief of Police (or designee) may authorize the sounding of sirens as part of a timely warning.

CRIME REPORTING

The UNM Police Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the UNM Police Department cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other UNM campus security authorities, as identified below. Confidential reports of crime may also be made to State Crime Stoppers at 843-STOP (843-7867).

The UNM Police Department compiles and reports annual crime statistics to inform the University community about crime and related problems. Statistics are gathered from UNM Police Department reports and through consultation with the Albuquerque Police Department and the Bernalillo County Sheriff's Department, where appropriate. UNM also consults with other campus security authority offices to compile crime statistics including the Dean of Students Office, Residence Life Office, Student Activities Center, University Hospital, School of Medicine, College of Nursing, College of Pharmacy, School of Law, UNM Research Park, UNM athletics team coaches and chartered student organization advisors. Reports of crimes made to these offices are also disclosed in the annual crime statistics.

Tables 1a and 1b show 2011 statistics for reported crimes and referrals for disciplinary action for the UNM campus as well as non-campus areas and surrounding public property.

Table 2a and 2b at the end of this report contains 2010 crime statistics. Table 3 contains 2009 crime statistics.

SEX OFFENDER REGISTRATION

In accordance with the Campus Sex Crimes Prevention Act of 2000 (CSPA), the UNM Police Department is providing a link to the New Mexico Department of Public Safety for law enforcement agency information concerning registered sex offenders. The CSPA requires institutions of higher education to inform the campus community where law enforcement information about registered sex offenders may be obtained. It also mandates that sex offenders who are required to register in a State must also give notice of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. Additionally, the New Mexico Sex Offender Registration and Notification Act requires a convicted sex offender who is employed by, enrolled at, volunteering with or carrying on a vocation at an institution of higher education to register with the university's law enforcement department, the university registrar, the county sheriff for the county in which the higher education institution is located as well as the county sheriff for the county in which the sex offender resides.

Registration at UNM is administered by the UNM Police Department (Hokona Hall, 2500 Campus Blvd NE) or the Registrar's Office

(Student Support & Services Center, 1155 University Blvd. SE). The registration form is available online at police.unm.edu/offenders.html.

A list of registered sex offenders is available online from the New Mexico Department of Public Safety at www.nmsexoffender.dps.state.nm.us/ or by calling the Bernalillo County Sheriff's Department at (505) 468-7100.

CRIME PREVENTION PROGRAMS

We also offer several crime prevention programs designed to keep you safe. Services are available free of charge.

- **ALARM SYSTEM:** We operate a computerized intrusion and fire alarm system to monitor facilities throughout campus to enhance personal and building security.

 - **ACCESS TO CAMPUS FACILITIES:** We strive to make our campus safe by limiting access to buildings after hours. Buildings on campus are generally open during regular business hours, when class is in session and for special events. Persons authorized to remain in a building after closing time are required to have proper identification at all times. Police and security personnel conduct frequent internal and external checks of buildings on campus.
- Entry to Student Family Housing is controlled by code access through an electronic gate. Security guards are on duty during the evening hours to protect the safety and security of the complex and residents.
- UNM maintains eight residence hall complexes on campus. Residence Hall perimeter doors are secured each evening and entry is controlled by key access. Each complex has evening on-duty staff to respond to resident needs and the Student Residence Center Desk is open 24 hours, seven days a week and serves as a service and emergency contact point for residents.
- Resident Advisors are available in each unit to assist students. New residents are briefed on UNM and residence hall policies and on crime prevention techniques at orientation/floor meetings held for residents at the start of the semester. Further information may be obtained from the Residence Hall Handbook.

SAFETY TIPS

We have instituted many programs at UNM to ensure your safety while on campus, but safety really begins with you. The following are some tips to help protect yourself from crime:

- If you go out for a late night snack or study break, go with a friend, not alone.
- Walk purposefully. Look confident. Watch where you are going. Be alert to your surroundings.
- Use well-lighted, well-traveled routes. Avoid short-cuts through isolated areas.
- Lock all doors and close all windows when leaving your car, whether it is for a few minutes or for several hours.
- Have keys ready when you approach your car. Check the car for intruders before entering and lock your door immediately after getting into your car.
- Always lock your bike or motorcycle when leaving it unattended, even if it is only for a few minutes. Use the U-shaped high security lock whenever possible.
- If you witness a crime, call UNM Police immediately.
- List only first initials and last name in telephone directories.
- Hang up immediately on obscene telephone calls.
- Don't keep large sums of money in your office, dorm room, study area or apartment.
- Lock doors and windows, even if you are just going out for a minute.

If you are a victim of a crime or become aware of any suspicious circumstances, call UNM Police immediately.

SEXUAL ASSAULT POLICY

The University of New Mexico recognizes the harm caused by sexual assault and the need to educate the University community regarding this issue. The University of New Mexico sexual assault policy can be found at the end of this Safety and Security report.

DRUG AND ALCOHOL POLICY

UNM's policy on illegal drugs and alcohol can be found at the end of this Safety and Security Report. The unlawful manufacture, distribution, dispensing, possession, or use of controlled substances or alcohol on UNM property as part of any activity by any member of the University community -faculty, staff, or student - is strictly prohibited. Federal and State laws relating to controlled substances and alcohol are enforced by the UNM Police Department. The University enforces the State of New Mexico underage drinking laws and therefore does not permit the possession or consumption of alcoholic beverages by people under the age of twenty-one.

As a condition of employment or enrollment, all UNM employees and students are required to abide by the terms of the policy. Violation of the policy will result in disciplinary action up to and including employee dismissal or student expulsion and/or participation in an approved substance abuse treatment or rehabilitation program.

Recognizing the dangers of substance abuse in the work place, UNM uses alcohol and drug-free awareness programs to inform the community of the issues and risks of substance abuse. Numerous educational and treatment resources are also available, including:

MISSING RESIDENT STUDENT NOTIFICATION POLICY & PROCEDURE

The University of New Mexico takes student safety very seriously. To this end, and in compliance with the Higher Education Opportunity Act of 2008, the purpose of this policy is to provide procedures for reporting, investigating and making emergency notifications regarding any residential student of UNM who, based on the facts and circumstances known to UNM, has been determined to be missing.

For purposes of this policy, a residential student of UNM is a student who is currently enrolled and resides in on-campus housing or in privately owned Greek housing on campus.

Student Contact Information

Residential students have the opportunity to identify an individual who will be contacted by UNM not later than 24 hours after the time that the student is determined to be missing. The contact person may be a parent, legal guardian or other person of the student's choosing, except if the student is under 18 years of age and is not emancipated. UNM must notify a parent or legal guardian not later than 24 hours after the time that the student is determined to be missing. Student contact information is held confidential and is accessible only to authorized UNM officials and law enforcement involved in a missing person investigation. Students living in UNM residence halls can register their confidential contact informa-

tion, or make any changes to previously registered information, through Residence Life and Student Housing. Students residing in Greek housing can register their confidential contact information through the Greek Life Office of UNM Student Activities Center. Students are responsible for ensuring that their contact information is up-to-date and accurate.

Missing Student Notification Procedures

UNM students, employees or other individuals who have reason to believe that a residential student is missing should immediately report their concerns to the UNM Police Department. If the Residence Life and Student Housing Office, Greek Life Office or other department receives a report of a missing student, UNM Police Department should be notified immediately. The UNM Police Department will, as appropriate, engage staff from Residence Life and Student Housing and other UNM departments in immediate efforts to locate the student. These efforts may include but are not limited to:

- Contacting the student via his or her telephone and/or email.
- Checking the student's residence; determining if the student has been in class or used his or her UNM ID card.
- Checking with roommates, friends and others who may have relevant information.

If these efforts are unsuccessful in locating the student, UNM Police Department will inform the Dean of Students that the student is missing and the following will occur:

- The Dean of Students, or designee, will notify the student's designated missing person contact within 24 hours of being informed by UNM Police Department that the student is missing.
- If the missing student is under the age of 18 and is not emancipated, the Dean of Students, or designee, will notify the student's custodial parent or legal guardian within 24 hours of being informed by UNM Police Department that the student is missing.
- UNM Police Department will notify any other law enforcement agencies, as appropriate, for purposes of coordinating the investigation and continuing efforts to locate the student.
- The Dean of Students will initiate actions deemed appropriate under the circumstances in the best interest of the missing student. For example, contacting the student's instructors may occur if necessary or beneficial in the situation to the student and/or instructors.

Notification of Policy

Students will receive notification of this Policy annually through its inclusion in the University of New Mexico Annual Security Report and as part of the housing registration process for residential students.

WEAPONS POLICY

With very few exceptions, employees, students and visitors are not permitted to use or possess weapons on any part of the campus. A weapon includes, but is not limited to: firearms; ammunition and other dangerous weapons, substances, or materials; and bombs, explosives, or incendiary devices.

Persons who have such weapons in their possession must deposit them with the Police Department for the duration of their stay at UNM. Persons carrying a concealed handgun pursuant to a New Mexico state license must also deposit their firearm with the UNM Police Department while on campus. Any person failing to comply will become subject to appropriate disciplinary and/or criminal action. The UNM Weapons Policy is printed in its entirety in *The UNM Pathfinder* which is available in the Dean of Students Office (Student Services Center). The Pathfinder is also available on-line at <http://www.unm.edu/~sac/pathfind.html>.

FIRE SAFETY REPORT

In accordance with the Higher Education Opportunity Act of 2008, UNM is providing mandatory fire safety information as part of this Annual Report. Detailed data for all on-campus student housing facilities can be found in Table 4 at the end of this Annual Report. UNM's Safety & Risk Services Department maintains information on reports of fires and fire alarms in University-owned residential halls and Student Family Housing. All of the Greek fraternity and sorority houses are owned by their respective Greek organizations rather than UNM. The Student Activities Center collects information about fires occurring in Greek housing from the fraternities and sororities.

Fire Safety Policies and Rules

Students who live in UNM residence halls and apartments are part of an academic community that has in place community standards to promote the well-being of all residents. The community standards include rules for fire safety, some of which are explained below. The complete Community Living Guide for Residence Life & Student Housing can be found at <http://housing.unm.edu/zz-documents/comlivingguide.pdf>.

Smoking: Smoking is not permitted anywhere in the residence halls and apartments. UNM is a tobacco-free campus and smoking is prohibited in all University property except for a number of specifically designated outdoor areas.

Open flames: Open flames are prohibited in the residence halls and apartments. Students are not allowed to burn or possess candles, incense, kerosene lamps, lighter fluid, propane or charcoal in their rooms.

Cooking and electrical appliances: Residence hall and apartment students may bring and use in their rooms a microwave (800 watts or less), hot pot, coffee maker, rice cooker and hot air popcorn popper. Appliances with a visible heating element or which use hot oil (e.g. toasters, toaster ovens, George Forman grills) are prohibited. Possession of unauthorized cooking or heating appliances may result in disciplinary action, including imposition of a fine if use damages the room or apartment. Halogen lamps are prohibited in residence halls and apartments because they pose a fire hazard.

The Residence Life Community Living Guide requires that all electrical appliances, cords and products be listed with National standards. The Guide also requires that all equipment be maintained in excellent working condition. Overloading electrical outlets is prohibited and only approved surge protective/circuit breakers are permitted.

Residents should report all fires or other emergencies to the 24 hour Student Resident Center Desk by employing the audible emergency call box located near hall stairwells, wing exits and in Student Residence Center apartments or by telephone. Residents may also report a fire directly to the fire department by calling 9-911. The Student Resident Center Desk is staffed on a 24-hour basis to respond to emergencies.

Residence hall/apartments conduct four fire drills each academic year (typically two per semester). When a fire alarm sounds in the event of a fire drill or an actual fire, residents must follow established building evacuation procedures as follows:

- All residents and guests are required to exit the building.
- Close all room windows and open draperies.
- Grab a blanket or towel to prevent smoke inhalation.
- Leave room as quickly as possible and proceed to designated exit.
- Leave ceiling lights in room on.
- Lock your door and take your room key with you.
- Don't go out through emergency exits, unless it is truly an emergency or fire.
- Once you are outside of the building move at least 100 feet away from the building to your designated safe area and stay until a signal to return is given by a residence hall staff member.

- Stay clear of fire lanes and hydrants.
- Do not remove or alter electrical fixtures or hardware.

UNM strives to educate residential students about fire safety. Resident Advisors (student staff who live in each residence hall and apartment complex) attend training provided by UNM's Safety & Risk Services Department on responding to emergency situations, including fires. The training includes how to evacuate the halls and use of the fire extinguishers located in residence halls and apartments. All students living in residence halls and apartments attend mandatory meetings each semester with their Resident Advisors to review fire safety materials and Resident Advisors discuss fire evacuation plans for their specific residence halls.

In 2012, UNM Safety & Risk Services began working with Residence Life to expand the type and amount of safety training for staff and Resident Advisors as well as housing maintenance. The training includes an on-line training video and a "smoke house" session where RA's are trained on how to react to a smoke-filled building. UNM Safety & Risk Services continues to provide building familiarization for the local fire department. This is an ongoing collaboration with the local fire department given building upgrades.

The Student Family Housing complex consists of 200 apartments located a three-minute drive south of the main campus. Student Family Housing is designed for UNM students with spouses, domestic partners or families. Student Family Housing has on site management staff and Community Resident Assistants who receive training in fire safety and evacuation procedures.

Normal small electrical appliances are approved for use in Student Family Housing. Electric heaters and air conditioners and other large electrical appliances are not permitted.

Student Family Housing prohibits the burning or possession of candles, incense, kerosene lamps, lighter fluid, propane or charcoal in apartments or under covered patios. Student Family Housing is also a smoke free environment so that residents and their visitors are not allowed to smoke in apartments, or on porches, patios, balconies, and adjacent areas. The complete Student Family Housing Community Living Guide can be found at <http://housing.unm.edu/student-family-housing/sfh-pics-docs/sfh-clguide.pdf>.

Lobo Village is owned and managed by American Campus Community (ACC), in partnership with Residence Life & Student Housing. Table 4, 2011 Fire Statistics for UNM Student Residential Facilities, includes information about Lobo Village. Students residing in Lobo Village can look to ACC's lease and resident handbook for information on rules and policies about fire safety. Lobo Village permits smoking inside apartments and designated outside areas. Smoking is not allowed inside the clubhouse, office areas and amenities. The use of candles or other burning or smoking devices (including hookahs and shishas) are prohibited inside apartments. Residents with questions can contact the Lobo Village office.

Greek Housing

UNM's Greek community hosts 24 fraternity and sorority chapters. Of those 24 chapters, eight chapters own and manage chapter houses where members of the fraternity or sorority may reside. These Greek houses are within the UNM campus but they are neither owned nor managed by the University. Chapter houses are owned by the Greek organizations themselves. All of the fraternity and sorority chapters that own houses are affiliates of their respective national Greek organizations which set rules and policies governing chapter houses.

Chapter houses are required to be inspected annually by the Albuquerque Fire Department and must conduct one fire drill each semester. The UNM Student Activities Center collects reports of fires occurring in Greek housing. In 2011, no reported fires occurred in any fraternity or sorority chapter houses.

Information about fire safety in the eight fraternity and sorority chapter houses where

UNM Greek students resided in 2011 can be found at the end of this report in Table 5.

Revised September 11, 1992

This Policy on Illegal Drugs and Alcohol is adopted pursuant to federal laws and because of the commitment of The University of New Mexico to an environment for the pursuit of its educational mission free of drugs and the illegal use of alcohol. Drug and alcohol abuse on campus poses a serious threat to the health and welfare of faculty, staff and students; impairs work and academic performance; jeopardizes the safety and well-being of other employees, students and members of the general public; and conflicts with the responsibility of The University of New Mexico to foster a healthy atmosphere for the pursuit of education, research and service.

This policy covers all property owned, used, leased or controlled by The University of New Mexico, or any other site where official University business is being conducted. "Controlled substances" means those substances in Schedules I through V of section 202 of the Controlled Substances Act, 21 U.S.C. 812, and implementing regulations, 21 CFR 1308.11-1308.15. Controlled substances include, but are not limited to, marijuana, cocaine (including "crack"), amphetamines, heroin, PCP, hallucinogens, and certain prescription drugs. Illegal uses of alcohol include, but are not limited to, serving, buying or drinking alcohol by a minor, assisting a minor or an intoxicated person to get alcohol, selling alcohol without a license and driving while under the influence. This policy is not intended to supersede or negate any existing policies on substance abuse, student or employee discipline, or any additional requirements imposed on The University of New Mexico or its students, faculty or staff by federal or state law.

I. Policy Statement

The unlawful manufacture, distribution, dispensing, possession or use of controlled substances or alcohol on UNM property or as part of any of its activities by any member of The University of New Mexico community faculty, staff or students strictly prohibited.

As a condition of employment, all employees - faculty and staff - of The University of New Mexico shall abide by the terms of this policy. Violation of this policy shall result in disciplinary action, up to and including dismissal. For more detailed information, faculty should refer to the Faculty Handbook and / or contact the Faculty Grants and Contracts Office. Staff may refer to the University Business Policies and Procedures Manual and/or contact the Human Resources Department.

As a condition of continued registration and enrollment, any student of The University of New Mexico shall abide by this policy. Violation of this policy shall result in disciplinary action, up to and including expulsion. For more detailed information, students should refer to the Student Code of Conduct and related policies printed in the UNM Pathfinder and/or contact the Dean of Students Office.

UNM's response to any violation of this policy may include, as a total or partial alternative to disciplinary action, a requirement that the employee or student participate satisfactorily in an approved substance abuse treatment or rehabilitation program as a condition of continued employment or registration/enrollment. Any employee engaged in the performance of work under a federal contract or grant is required, as a condition of employment, to notify his/her supervisor if he or she is convicted of a criminal drug statute violation occurring in the workplace within five days of such conviction. The supervisor shall notify the University Counsel's Office. Failure of the employee to notify the supervisor shall be grounds for disciplinary action.

In recognition of the dangers of substance abuse in the workplace, The University of New Mexico shall maintain alcohol and drug-free awareness programs to inform members of the University community about the issues and risks of substance abuse, and about counseling, and treatment resources. The University shall assign responsibility for such awareness programs to specific administrative entities, which shall be provided sufficient resources to develop and maintain the programs. As a matter of policy, any referral, treatment, awareness or

primary prevention programs established by The University of New Mexico shall play no role in enforcing or instituting possible disciplinary action.

II. Legal Sanctions for the Unlawful Possession or Distribution of Illicit Drugs and Alcohol

The penalties for even the most minor of violations of the Liquor Control Act can include fines of up to \$300, confiscation of property and imprisonment for up to seven months. More serious violations carry greater penalties, with larger fines and longer imprisonment.

Driving or using machinery after drinking or using drugs creates the risk that the user may injure or kill someone. This can result in homicide charges. License revocation and vehicle impoundment are also possible results of driving while under the influence of liquor or drugs. The minimum blood alcohol levels at which drivers' licenses are revoked in New Mexico are: .02% for those under 21 and .08% for those 21 and over. All drivers in New Mexico are presumed to be intoxicated at the .08% level.

In drug-related cases a court can permanently suspend eligibility for federal benefits, including financial aid. A criminal record can seriously hurt educational and career opportunities.

Penalties for illegal drug use can include significant fines and imprisonment. Penalties for the illegal sale of drugs are greater, and may include property confiscation. Alternative penalties for illegal drug or alcohol use may also include mandatory community service. Violation of laws by a foreign national may result in deportation.

Details on federal and state sanctions for the unlawful possession or distribution of illegal drugs are contained in the Policy on Illegal Drugs and Alcohol that appears on page 53 of the 2007-2008 UNM Pathfinder.

III. Health Risks Associated with Use of Illicit Drugs and the Abuse of Alcohol.

Excessive alcohol consumption and abuse of illicit drugs can lead to certain types of cancer, pathological changes in the liver, brain, heart and muscle which can lead to disability and death, addiction, birth defects, shortened life span, stomach ulcers, phlebitis, varicose veins, and other health problems. Alcohol and drugs are also a major factor in homicides, assaults, rapes, suicide, family and date violence. Alcohol is significantly involved in all types of accidents- motor vehicle, home, industrial, and recreational. Unintended pregnancies and sexually transmitted diseases are often associated with alcohol or other drug abuse, as well as relationship, academic or work problems.

For more information on the possible effects and health risks associated with the use of illicit drugs and alcohol, contact the Student Health Center Health Education Program (277 7947) or the UNM Campus Office of Substance Abuse Prevention (277-2795). Information on the possible effects and health risks associated with the use of illicit drugs and controlled substances is also contained in the Policy on Illegal Drugs and Alcohol that appears on page 53 of the 2007-2008 UNM Pathfinder.
