***Committee members present:** Regent and Chair Robert Schwartz, Regent Paul Blanchard, Regent Victor Reyes, Regent and Chair Kim Sanchez Rael, Provost & Executive Vice President for Academic Affairs, James Holloway, Faculty Senate President, Cris Elder (via Zoom), and Staff Council President Grace Faustino*

***Administration present:** University President, Garnett S. Stokes, Associate Provost for Student Success, Pamela Cheek, General Counsel, Loretta Martinez, Sr. Associate, Deputy Counsel, Ariadna Vazquez, EVP for Finance and Administration, Teresa Costantinidis, Vice President for Research, Ellen Fisher, Vice President for Enrollment Management, Dan Garcia, Vice President for Student Affairs, Eric Scott, and Provost's Chief of Staff, Jennifer Love*

***Advisors present:** ASUNM President, Krystah Pacheco, GPSA President, Justin Lauriano*

***Staff:** Pam B. Kirchner, Jennifer Love, Emily Morelli*

CALL TO ORDER AND CONFIRMATION OF A QUORUM

Regent Chair Rob Schwartz called the meeting to order at 11:59AM in the Roberts Room in Scholes Hall and confirmed a quorum with five members present in person and one virtually (Cris Elder).

VOTE TO AMEND THE AGENDA

Regent Chair Rob Schwartz requested an amendment to the agenda: Sarita Cargas to speak about Basic needs prior to Provost's Administrative Report

- **The motion to adopt the agenda passed unanimously with five committee members present and one virtually. (1st Holloway, 2nd Blanchard)**

APPROVAL OF MINUTES

- **The motion to approve the minutes of the February 6, 2024, regular meeting pass unanimously (1st Reyes, 2nd Holloway)**

Sarita Cargas, D.Phil. provided updates to the Basic Needs Project. Study on resident wellness was a success. Greater than 13K valid responses, providing rich data set. Schools have used the data in successful grant applications. Lobo Food Director, Amanda Gerard used it during the food contract bid. New food vendor will allow use of Snap benefits and food stamps. Secondly, a New Mexico Basic Needs Consortium with twenty-eight higher education institutions was launched last month. As a consortium we are committing to projects to create unified practices, suggest unified policies and unified asks from funders and government. The consortium has received White House recognition. We were interviewed by White House staff, people for the USDA and CDC Foundation. We are recognized as a White House end hunger by 2030 challenge partner. We are seeking a \$20K commitment from UNM and believe it will have a profound return on investment.

PROVOST'S ADMINISTRATIVE REPORT

Per the new format of the SSTAR committee, Provost Holloway submitted a written report in lieu of an actual presentation. The report is attached. Highlights of the report: leadership searches underway,

progress on the new category three research centers, the new ARID center has brought in \$5M in its first year. The new Quantum NM Institute formally launched this year and brought in \$2M. Quantum economy is expected to grow to about \$40M over the next ten years. New Mexico is well positioned for this. Governors from New Mexico and Colorado are partnering to try and bring an EDD grant here. New Mexico Governor has committed \$10M. One of the events that led to the pursuit of the grant is the Quantum New Mexico Institute which is a joint institute with UNM and Sandia. We are seeing enrollment growth at the branch campuses. You will see that the branches have picked up considerable enrollment of students who are majoring in programs in Albuquerque. There are a lot of Albuquerque students taking advantage of the branch offerings to meet general education requirements. We are seeing an uptick in applications and admissions at the graduate level. Biggest concern is that the Department of Education has not released data from the FASFA. They promise it by the twentieth. Equally, the coding to read the new FASFA data has not been released. All of this means we cannot package need-based financial aid. We are sending out aid offers, lottery and opportunity, which are not need based. This is late to be packaging students. Every university has this problem, but we have more need-based students than most universities. The issues result from the changes the government made to the FASFA and its systems.

Provost highlighted Open Educational Resources week. This is led by Dean Lo. There will be a showcase on the fifth. This is part of our program to encourage more faculty to adopt and potentially develop open educational resources, which is a way to bring down potential costs for students.

ACTION ITEMS:

1. Request approval of Proposed Faculty Handbook interim policy B3.1 “Clinician- Educator and Practitioner-Educator Faculty Titles”
2. Graduate Certificate: Quantum Science & Technology (New)
3. Request Adoption of the Security Managerial Group Resolution

- **The motion to approve action items one through three passed unanimously (1st Reyes, 2nd Holloway).**
- **Regent & Chair Schwartz recommended items 1 through 3 be placed as consent items to the full board. All members unanimously agree.**

INFORMATIONAL ITEMS

Annual Course Fee Review Report (attached)

Associate Provost Cheek briefly spoke about the fees that UNM assesses to compliment tuition for the costs of specific courses and programs. Fees are visible to the student at the time of enrolling in the course[s]. Reason for fees is that a particular program has material costs that are going to be difficult for

a student to meet independently by going out and purchasing on their own. Dr. Cheek gave the example of clay for a ceramics class. It would be burdensome for a student to purchase 20lbs of clay and bring that to class. Instead, we purchase the clay and assess a fee for the clay. Another example given was the use of high-quality technical cameras or film for a digital arts program. A student will never be in a position to purchase a \$30K piece of equipment, but students should be trained on the best equipment possible. The program fee offsets the costs of having the cutting-edge high-quality technology available for students. There are fees attached to courses and program fees attached to programs. There is tremendous variability in the amount. Fees can range from \$25 up to \$1000's. Typically for an art studio course, there us a \$35 fee. For a study abroad program, the program fee could be in the \$1000's, to include the airfare, lodging, etc. The report provides information about the current status of course/program fees. We regularly report to the Board on the addition of new course fees.

Regent & Chair Schwartz: If the Athletics, SHAC, and technology fees that apply to every student, can't it just be part of tuition?

Dr. Cheek: There are fees that address particular co-curricular needs that enhance the experience of the student at the university. We think about tuition as curricular costs. There is utility in having them be separated out because we are understanding that there is a cost of engaging with the curriculum, and there is a cost to all of the services and supports and opportunities that are the rest of the university experience. We are invested in creating a full university experience for all our students.

Regent Schwartz: Are the fees covered by scholarships?

Provost Holloway: Different scholarships do not cover all the fees and there is no one answer to that. From an accounting perspective, for a student, it is not the same to simply say tuition plus fees is tuition because certain scholarships will not cover things that are fees. If you lump things into tuition that are not covered by scholarship, from a student's perspective, that means tuition is not covered. There is another important aspect of the fees that you are particularly talking about. For example, SHAC and the athletic fee. By making them separate fees, they are earmarked for a specific purpose. If they are part of tuition, they are just part of I&G. They become discretionary dollars in a way that they are not as fees. One of the reasons to have fees is to say, very specifically, this is our investment in SHAC, this is the student investment in SHAC, etc. Mandatory student fees have a specific purpose and must be used for that purpose. Tuition is the most flexible dollar we have.

Regent Schwartz: Wouldn't we want to have it be flexible? It is interesting that you want to bind yourself. This seems unusual.

Provost Holloway: It is not unusual at all.

Regent Blanchard: you do not want to make the fund discretionary. You want it to be what the purpose is for. If it is an athletics fee, it needs to go to athletics.

Regent Schwartz: The time to talk about this is when we decide on the tuition and fees. These are not student choices, are Regent choices?

Provost Holloway: All fees are Regent choices.

Regent Schwartz: Those do not come through the students; they are direct Regent decisions.

**UNIVERSITY OF NEW MEXICO BOARD OF REGENTS'
STUDENT SUCCESS, TEACHING, AND RESEARCH COMMITTEE MEETING**

**MARCH 7, 2024
MEETING MINUTES**

Provost Holloway: The Student Peer Review Board engages in the discussion around setting of fees.

Eric Scott: The Student Peer Review Board, which GPSA President and Faculty Senate president chair, serves two functions. The allocate the general mandatory student fees that come into different departments. Secondly, when headcount fees (SHAC and Athletics) want to increase or decrease, they present to the Student Peer Review Board. They do not vote on them the same way they do other fees, but they have the opportunity to provide feedback and express their support collectively or non-support.

Nicole Dopson: all those recommendations come through a subcommittee of the budget leadership team which is the tuition committee. There is representation from our students as well as faculty and other administrators.

GPSA President Lauriano: The student peer review board at one point had more discretion over other fees such as IT, SHAC, and Athletics were pulled out to help stabilize these funding streams. As part of that ASUNM and GPSA headcounts too.

Provost Holloway: this is a good example of the issue of flexibility. At the height of COVID, when revenues were down and all due respect to the student review board, they chose to cut SHAC. SHAC having a headcount fee let SHAC have a stable revenue stream that scales with the number of students, which is fixed. Lots of discretion in the case of SHAC is a good thing.

KUNM Radio Annual Report (attached)

Richard Towne, KUNM Station Manager presented the radio board's annual report. He stated that the number of supporters has gone down, but the average gift amount has gone up. Fund drive starts in a week. Three new staff members are UNM graduates. Good results coming from the Journalism department. We paid for a new security system. We are front facing and not everyone agrees with what we broadcast. We have had a few incidents, but now the building is locked 24 hours with badge only access. The board has recommendations for the station, all are listed in the report.

ADJOURN

There being no further business, Regent Schwartz asked for a motion to adjourn the meeting; Provost Holloway motioned; Regent Reyes seconded; all were in favor. The meeting adjourned at 12:42 PM.

Re: Provost's Report
Date: March 7, 2024

This format of report is a new one, as previously I have given oral reports at SSTAR. This new format is intended to support the Regent's pilot to restructure our committee system to be more efficient and effective. I expect that the format of this report will change over time as we learn what works and most usefully informs the SSTAR committee and our other stakeholders, and feedback on the form is welcome.

Leadership Searches

Searches are underway for:

- Dean of Graduate Studies (internal search)
- Dean of University College (internal search)
- Dean of Honors College (national search)

In addition, Dr. Aeron Haynie, Director of the Center for Teaching and Learning (CTL) will be stepping down and returning to the faculty, and a national search will soon be launched to replace her as Director of CTL.

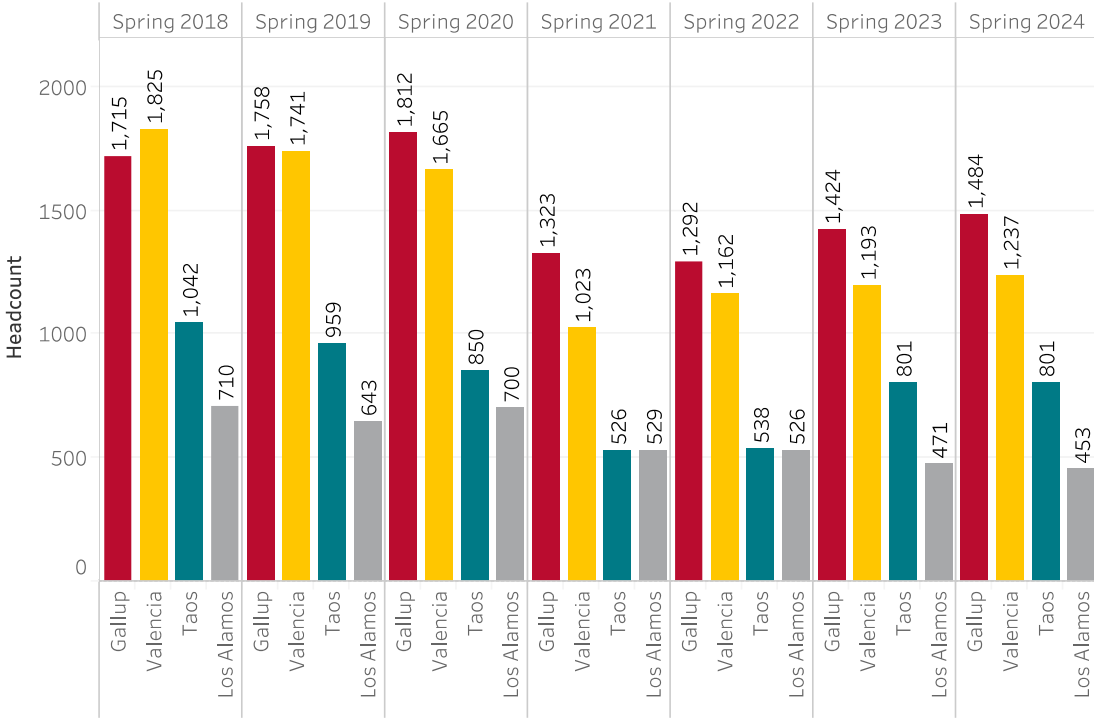

Progress on new Research Centers

The Accelerating Resilience Innovations in Drylands (ARID) Institution, founded in late spring 2023 on the foundation of the Water Grand Challenge effort, has brought in \$3M in external funding to date.

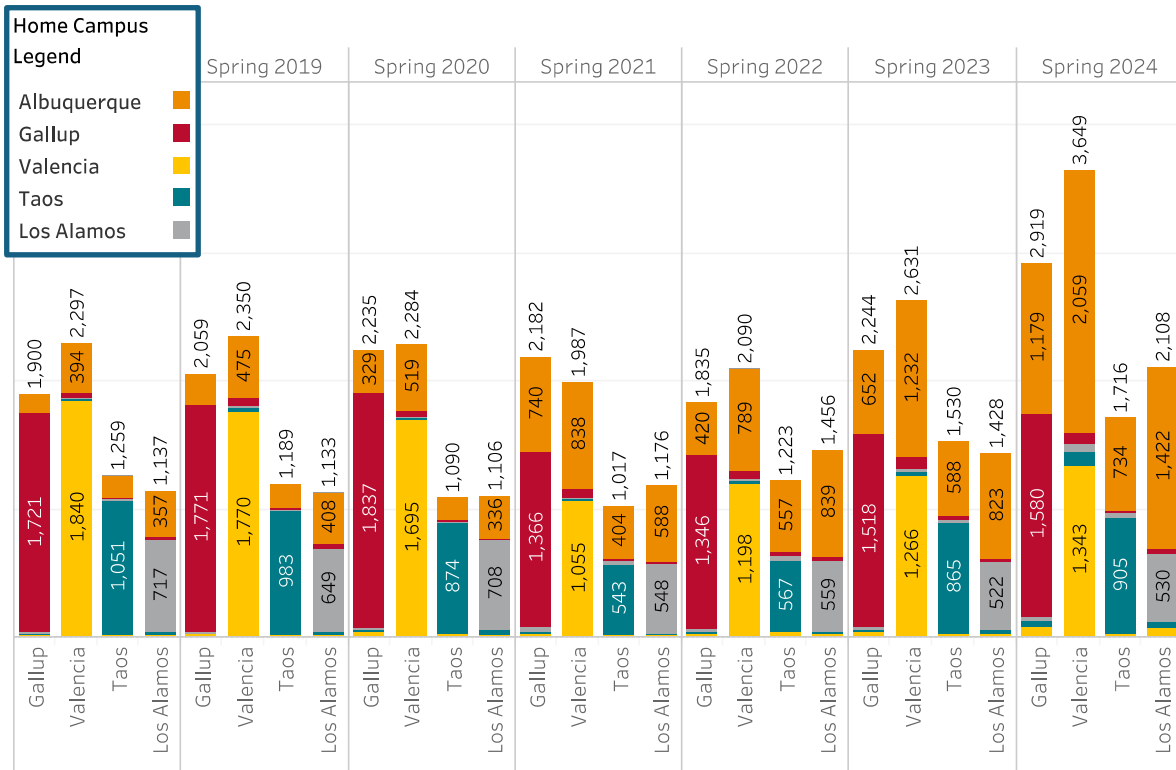

In January of this year, 2024, UNM launched the Quantum New Mexico Institute (QNM-I) as a joint effort with Sandia National Labs to use our joint expertise in Quantum Science and Engineering to help build the research, education, workforce development, and business infrastructure that will support quantum based businesses and industries in New Mexico. Quantum computing alone, just one of many market for quantum-based products that includes also quantum communications and quantum metrology, is expected to grow to over \$40B in the next decade, with an annual growth rate of over 30%. This brand new Category III center has already brought in over \$2M in external funding to UNM, and is now participating with the New Mexico EDD to bring significant funding to our state.

Branch Enrollment

We talk about UNM-ABQ enrollment frequently. Today we will focus on the branches. The table below shows the unduplicated spring enrollment at the UNM branches – this is the number of students whose UNM enrollment is primarily at the branch, but is not the total number of students served at the branches.

The table below shows the duplicated headcount at the branches. This shows students who are taking any class at the branches, even if their primary enrollment is at UNM-ABQ or at one of the other branches. Note that the number of students taking classes at any one branch is much larger than that number of students whose primary enrollment.

Note that all of the branch campuses are showing growing enrollment since a low in 2021, but have not achieved pre-pandemic enrollment based on their primary enrollments. However, the branches are also serving a growing number of UNM-ABQ students, and with these students accounted for are serving more students than pre-pandemic. Because the branches earn very little from tuition, this does not necessarily provide a strong revenue stream.

Albuquerque Undergraduate Recruiting for Fall 2024

- First-year student applications down 3% compared to last year (11,620 for Fall 2024 vs. 11,981 last fall at this time)
 - NM resident applications down 1%
 - Non-residents down 6%
 - International applicants up 17%.
- Offers of admission down 2% (184 fewer)

FAFSA data has still not been received from the Department of Education. It is expected this month around the 15th, but this is notably late. We also have not received new coding to allow our systems to use this data, which we expect around March 20th. The result will be that we will not be able to fully package need-based aid until April.

We have gone ahead and released scholarship awards to admitted students, and provided them information on possible further aid they may expect.

Transfer student applications to UNM_ABQ are down by 8.52%, but it is early in the process with only about 28% of the expected applications yet received.

Albuquerque Graduate Recruiting for Fall 2024

- Master's level applications are up 7% (1,290 now vs. 1,209 last year at this time.)
 - Offers of admission up 3% (7 more compared to last year)
- Doctoral applications up 17% (1,544 this year compared with 1,318 last year YTD)
 - Offers of admission are up 2% (3 more this year).

Some good things happening!

We just finished Interdisciplinary Design Week, a week of events to introduce students to the new Certificate in Interdisciplinary Design, a 12-credit program that provides students with an interdisciplinary program in design thinking. (See <https://i-design.unm.edu/>)

Community Engagement Week will be April 1 – 5. This will include a series of workshops aimed at exploring ways to enhance support for community-engaged scholarship at UNM.

BASIC NEEDS – SARITA CARGAS

Thank you Regent Sanchez Real and especially Regent Schwartz for this opportunity to provide a quick update on the UNM Basic Needs Project.

Let me begin by expressing gratitude. We are deeply grateful that basic needs remain on your radar.

Thank you to President Stokes for committing to it in the State of the University this week and deep thanks to you and your husband for making the 100k grant to student wellness.

Also, I'd like to introduce and publicly thank two of the students working on the project who joined me today including honors and pre-med student Adrian Alloca who has been a research assistant for several years and is writing his first peer reviewed paper from our data. Also, honors and political science major and national Truman scholar finalist! Jesus Sanchez who is organizing our statewide student conference taking place this month.

Now – 4 brief of updates on the Basic Needs Project and a request.

- 1) Our study was an enormous success – after super cleaning the data we had over 13k valid participants which has given us very rich data. Schools have used in successful grant applications. Our own director of Lobo Foods, Amanda Gerard, used it during the food contract bid and she said Aramark won the bid because they offered 50k in food scholarship and will create a pay what you can café, and allow SNAP to be used on campus something Chartwell's told us was not possible.
- 2) As a next step we have formed the NM Basic Needs Consortium with 28 HEIs.

At our zoom launch last month 39 people attended the meeting from all over the state. Yesterday in the housing committee meeting we had vps from NMSU, Western, DACC, Highlands, and ENMU participating with enthusiasm. We are committing to projects to create unified practices, suggest unified policies, and make unified asks from funders. Our first projects are on pantries, addressing the housing crisis that exists on every campus, and addressing how to bring in more federal SNAP dollars since we have learned that 3 billion dollars in eligible student funding is left on the table. And our own data show a pretty big “snap gap” – students who are FI but not on SNAP.

- 3) We’ve entered into an agreement with NM Tech’s ICASA: NSTITUTE FOR COMPLEX ADDITIVE SYSTEMS ANALYSIS – they will help us continue to produce reports from our own data set as well as figure out how to collect data and establish metrics for our goals to reduce food and housing insecurity substantially by 2030.
- 4) Why 2030 you may ask – my 4th update is that after a fairly rigorous application process, the NM BNC has received White House recognition- we are an official partner of the White House End Hunger by 2030 Challenge. I especially love that so are the Harlem Globe Trotters (as well as revered institutions like the Cleveland Clinic). We are getting noticed by our legislators and we hosted a meeting with Congressman Vasquez at his request and staff from Senator Luhan’s office has reached out and requested a meeting.

5) Lastly, I was invited to present to your counterparts the Student Success committee of NMSU regents 2 weeks ago. HED Deputy Secretary, Dr Trujillo went with me to promote the consortium and while there we used the time in Las Cruces to meet with Dona Ana's Chancellor Torres and her staff which have been very active in the basic needs project.

As I did while there, on behalf of the consortium I'm making an ask. We request all schools contribute financially as members with a donation. Our project did not receive Grand Challenge funding as understandably there were many good projects to choose from. But we have received no UNM funding except for \$4k the provost kindly gave us 4 yrs ago. HED has provided the most support but always for specific projects and we need an operating budget. At the request of Western's Regent Haviland, Dr. Shepard committed \$15,000. We'd love it if UNM could show leadership by committing \$20,000 as we seek greater funding from other sources such as foundations, corporations, and government for interventions. It will be awkward if UNM does not contribute. We believe your contribution has potential for a **profound** return on investment because it will likely *increase graduation rates*. Basic Needs work at the U of California system has led to increased state funding.

Thank you!

Academic Affairs Course Fee Review

Policies

Class and curricular fees, or broadly termed “course” fees, at UNM are determined by the policies spelled out in the Regents Handbook 4.7, “Tuition and Fees,” and the University Administrative Policies and Procedures Manual 8210, “Tuition and Related Fees.” The relevant portion of the policy is included as Appendix A to this report.

Broadly speaking, “class” fees are fees tied to the specific costs of delivering certain courses with distinctive expenditures. Examples include the travel costs of a field trip, the cost of particular supplies (art or lab), or special instructional materials. Since these fees fund the costs associated with the provision of a specific class, these fees are typically expended in the semester in which the costs are incurred. “Curriculum” fees, by contrast, are used for equipment and/or staff costs related to an entire course of study. Examples include IT requirements of various colleges (e.g., the unique software requirements of Architecture and Planning or Anderson School of Management); unique equipment costs (e.g., piano studios or engineering labs), or the specific technical staff required to maintain the labs and make them accessible to students.

Per policy, the Regents set the level of all tuition rates and fees that apply to all students. Class and curricular fees that apply to a specific course of study, or assessed at the class, department, or college level, are reviewed and authorized by the Provost for Main Campus and the Chancellor for the Health Sciences Center.

Procedures

A request to implement or change a class or curricular fee usually originates in an academic department. Proposals are submitted on a required template (attached as Appendix B and C) that gives the necessary technical data, along with a projected budget and description of the fee’s intended use. These are reviewed at the school/college level and require the authorization of the dean or director before being submitted to the Office of the Provost.

The review of a class or curricular fee proposal at the Provost's level has two components:

1. A review for eligibility, per the definitions of UAP 8210. We ensure the description of the fee conforms to the uses detailed in the policy, and that the projected budget is rational and defensible.
2. A consideration of the fee's impact on students, either in terms of scope (e.g., assessing a large fee for a single course) or scale (e.g., curricular fees that would affect large numbers of students). **Fee approvals are not automatic.** In practice, most eligible class fee requests are approved; however curricular fee proposals are often amended or deferred for consideration in the larger context of tuition/fee decisions.

Review

Per policy (UAP 8210.3.2.8), each college/school are to review their course fee collections and expenditures at least every two years, in order "to ensure that expenses are allowable, allocable, reasonable, and timely." This year we reviewed fiscal years 2022 and 2023 for College of Arts and Sciences, College of Fine Arts, School of Law, Anderson School of Management, University College, Honors College, Provost Academic Units, Gallup Branch Campus, and Taos Branch Campus. A summary of this year's reviews is attached as Appendix D.

Transparency

Course fees are published in each semester's registration schedule online and linked to every appropriate class, so that when students enroll they get a real-time calculation of the cost of their course of study. Students may request a specific accounting of the fees they've been charged for any course or curriculum (UAP 8210.3.2.7).

Scope

Class and curricular fees are important parts of the funding streams for most colleges and schools. UNM's main campus units collected \$4,011,131 in class and curricular fees in FY23. Proportionally, that represents 1.5% of their total Instruction and General (I&G) budget. Course fees are a relatively small portion of the average student bill. According to data from the Bursar's Office, the average class and curriculum fees paid per student this fall semester was \$106, about 2.3% of the total resident full time (15+ credit hour block) undergraduate tuition bill.

Administrative Policies and Procedures Manual - Policy 8210: Tuition and Related Fees

3.2 Course Fees

Course fees are charged at the time of registration to students enrolling in specific courses. They are not included in the “mandatory fees” portion of “tuition and fees,” which are paid by all students. Requests for course fees are made to and approved by the Provost or the Chancellor. Course fees are intended to help defray costs specifically associated with certain courses, and are not intended to replace general operating costs, which are paid from tuition. All students who pay course fees must benefit from the fees charged. Course fees are listed in the “Schedule of Classes” posted on the Registrar’s Office website. At the time of registration, a student should have full information on the amount and types of course fees that will be charged for that semester.

There are two (2) types of course fees: class fees and curricular fees.

3.2.1. Class Fees

A class fee is charged to support the instructional needs of a specific course. The fee is used to pay for required, uniquely identifiable materials or services provided to students that exceed the costs of supplies normally required. Class fees may be approved and implemented if they cover any of the following expenses:

- Cost of activities related to a course (e.g., field trip, tickets to off-campus lecture or event)
- Private instruction and models (e.g., guest speakers, models, tutors)
- An object or product of value retained by the student (e.g., artwork, safety gear)
- Class costs (e.g., specialized equipment or materials, safety protections, laboratory supplies, products)

Class fees may not be used to fund any of the following costs:

- The cost of any instructor of record or assistants
- Regular classroom materials and supplies (e.g., paper, photo copies, markers, chalk)
- Faculty and staff computers, equipment, and general non-program-specific software

3.2.2. Curricular Fees

A curricular fee is charged to support curricular needs in the department, college, or school. This fee funds short-term and long-term needs for the purpose of instructing students, including technology, broadly shared materials and equipment, and other expenses relevant to multiple courses in a program. A curricular fee can be assessed as a per-credit-hour fee or predetermined

flat fee. Curricular fees may be approved and implemented if they meet any of the following conditions:

- Expendable curricular costs (e.g., computer hardware and software, networking components, cameras, projectors and recorders, maintenance fees, sound equipment, musical instruments, laboratory equipment, gross anatomy program support)
- Personnel costs associated with curriculum support (e.g., technical staff support and training course development)
- Student progress assessments, clinical or practical skills assessments, and standardized patient costs
- Supplemental instruction programs
- Support of program research requirements and student travel to present research
- Medical education computer support including provision of tutorial and standardized patient computer interfaces (HSC only)
- Develop, install, and maintain technology capabilities in lecture halls and classrooms

Curricular fees may not be used to fund any of the following costs:

- The cost of any instructor of record or assistants
- Administrative equipment and supplies
- Faculty and staff computers, equipment, and general non-program-specific software
- Equipment not used by or accessible to students
- Facility remodeling other than for classrooms and instructional labs
- Regular classroom materials and supplies
- Scholarships (except for the Music Department)
- Travel costs for faculty and staff (except when related to program-specific field trips or HSC clinical experiences)

3.2.3. Payment of Course Fees

Approved fees are collected by the University Cashier Department. Academic departments are not authorized to collect course fees directly from students. Course fees are refunded according to Section 5 of UAP 8215 (“Bursar’s Office Operations and Services”). Departmental requests to waive all or part of a course fee must be sent to the Bursar's Office and include a detailed justification.

3.2.4. Authorization to Assess Course Fees

Assessment of course fees requires the approval of the Provost or the Chancellor. Requests for all course fees must be reviewed and approved by the appropriate dean or branch director prior to submission to the Provost or Chancellor, as applicable, for approval. Subsequent approvals are not required each semester unless a change in the fee, course title, or receiving index number occurs.

3.2.5. Publication of Course Fees

All course fees, along with a brief rationale, must be published on the Bursar's Office website.

3.2.6. Review of Course Fees

Colleges, schools, and departments must review course fees at least every two (2) years to ensure that expenses are allowable, reasonable, and timely. The Provost's Office or Chancellor will submit summary findings of these reviews annually to the Board of Regents.

3.2.7. Accountability to Students

Students may submit a written request to the department, school, or college the fee resides under requesting accountability of course fees assessed. The request should state the specific fee and, in the case of class fees, the specific course number and semester. The department, school, or college will respond to the student with the information as soon as possible, but no later than sixty (60) days after receipt of the request.

3.2.8. Responsibility and Authority

The Provost's Office or Chancellor is responsible for the following functions:

- Approving course fees
- Insuring publication of course fees on the Bursar's Office website

Reviewing course fees and reporting on course fees to the Board of Regents every two (2) years.

RE: **Course Fee Proposal**

Please answer the following questions and provide any additional documentation that will support this proposal.

- Is this course fee a curriculum or class fee (see policy UAP 8210)?
- Reason for the new/revised fee.
- Have you paid for the expense in the past? How?
- What impact on the students/enrollments will this new/revised fee have?
- How have you communicated the proposed fee to the students? Please explain your process and provide contact information for the college/school.

My signature below confirms that I have read UAP 8210 and understand its requirements (<http://policy.unm.edu/university-policies/8000/8210.html>) as it relates to class and curriculum fees. Course Fee Approval Form and appropriate back-up documentation are attached to this request. I also maintain that the uses of these class and curriculum fees are integral to our ability to provide a flagship-level education to our students.

THE UNIVERSITY OF NEW MEXICO – COURSE FEE APPROVAL FORM

INSTRUCTIONS:

For information regarding the creation of new fees as well as changes to existing fees can found in the UNM Policy 8210 available on the UNM Policy website <http://policy.unm.edu/university-policies/8000/8210.html>.

All requests for fee increases or new fees must be fully justified financially by matching projected fee revenues to the purposes specified. Examples and blank budget forms are provided on the attached sheet. If fees will be used for repair or replacement of equipment please attach a depreciation schedule found on the Provost Office website <http://www.unm.edu/~acadaffr/budget-planning/course-fees.html>. Feel free to modify or use additional budget forms as necessary.

Comments:

Overall balances within the College increased by \$153K in FY23. The largest increase was in Chemistry due to the high cost of equipment, reserves allow the department to save up for the purchase new instruments when they are no longer serviceable. Chemistry is currently in the process of purchasing a new infrared instrument (FTIR). Reserves also reside in units such as Language Learning Center, Physics & Astronomy, and Anthropology. These departments all have technology and equipment intensive needs and balances are necessary to plan appropriately for replacement of aging equipment. In addition to regular replacements of lab equipment, software, and audio/visual equipment, the departments must have sufficient balances to respond to any unexpected repairs or replacements that may arise during the year. The College will continue to monitor all balances to ensure course fees are being charged appropriately and reserve balances are being managed efficiently.

Comments:

Course fees in FY22 and FY23 were primarily spent on Salaries and Supplies, each comprising about 30% of total course fee revenue for the respective years. Remaining course fees are mainly spent on Student Costs (8%) and Services (~10%). Although reserves ended above 10% in both FY22 and FY23, they have been going down year to year since they accumulated to a high point due to the COVID-19 pandemic, which significantly impacted spending during that time.

In FY21-22 and FY22-23 School of Law was able to complete some upgrades including: new laser projection, touch-enabled flat screen displays, WAP, updated classroom computers, additional TV monitors, screencast devices for student personal devices, and improved PA/vocal systems for larger classrooms. The next phase of upgrades in FY23-24 and FY24-25 will include approximately \$130,00 - \$150,000 in new equipment, which reserve balances will be used.

Comments:

The technology fees at the Anderson School of Management (ASM) are used to purchase equipment for the student computer lab, V-lab and the ASM's classrooms. One full-time staff and approximately 10 student employees are paid to service the equipment, help students with hardware and software issues and faculty with classroom equipment. The ASM computer lab also provides laptops to ASM students for daily use in classes. Any reserves over 10% of total fees are due to timing issues when equipment is ordered around the fiscal year-end.

Gallup Branch Campus course fee are used for the Division of Arts and Sciences, Division of Education, Health and Human Services, and Division of Business and Applied Technology. These fees are used for a variety of curricular and direct classroom needs, such as materials, supplies, equipment and technology needs. Balances are necessary for each division in order to plan for replacement of equipment, software, and lab maintenance, as many of these expenses do not occur on an annual basis.

KUNM Radio

Radio Board Annual Report

FY: July 2022 – June 2023

KUNM listening area

Listeners per Week

The Radio Board reviews publicly available data from Nielsen Audio, Inc and CPB (Corporation for Public Broadcasting) to examine trends in listenership and voluntary listener contributions to KUNM. This is important because KUNM's contributing listeners and local program sponsors provide about \$1.8 million of the station's annual cash budget of about \$2.3 million.

2019 - 83,000 listeners

2020 - 96,100 listeners

2021 - 89,800 listeners

2022 - 89,100 listeners

2023 - 91,750 listeners

On average, listeners spend 6 hours per week with KUNM. In FY 2023, people spent 28,640,000 hours listening to KUNM. KUNM's signal reaches 1,115,000 New Mexicans. Currently, we reach just over 8 % of our potential audience. (Source: Nielsen age 12+, full week cumulative audience in total service area).

Listener Support

KUNM tracks the number of individual donors contributing to the radio station each fiscal year for reporting to CPB. This information was reviewed by the Radio Board for this report.

	<u>Donors</u>	<u>Total</u>	<u>Average Gift</u>
FY19	8,149	\$ 1,217,100	\$ 149
FY20	7,903	\$ 1,302,200	\$ 165
FY21	8,110	\$ 1,475,200	\$ 179
FY22	8,100	\$ 1,401,800	\$ 174
FY23	6,920	\$ 1,252,140	\$ 181

Note FY23 excludes Vehicle Donations for the first time in keeping with CPB reporting rules. The total value of vehicle donations in FY23 was \$178,740.

Staffing Updates

Fiscal year 22-23 produced strong new staff for the KUNM newsroom

- **Megan Myscofsky** was hired in April 2023 as a Technical Journalist on the Kellogg-funded Public Health and Poverty grant with a term ending in September 2024. She is based in Santa Fe.
- **Kaveh Mowahed** was promoted from his grant-funded Reporter position to a regular staff Reporter (no end date) to produce Let's Talk New Mexico. Mowahed is a recent master's-level graduate of UNM. He is also based in Santa Fe.
- **Gus Tafoya**, a recent UNM graduate, was hired as a Digital Multimedia Assistant to replace Eli Henley who resigned to pursue his academic work in design.
- **Jeanette DeDios** (Jicarilla and Navajo) completed her grant-funded Fellowship after graduating from UNM in May 2022. KUNM secured funding for Jeanette to remain on our professional staff through the end of 2023.
- **Emma Gibson** completed her term as Technical Journalist on June 30, 2023. KUNM was unable to extend her term because the Mountain West News Bureau funding for her salary was eliminated.

Radio Board Updates

The Radio Board met monthly with the majority of members attending via Zoom. Feedback included the benefit to those with health concerns as well as increasing accessibility for board members living outside of Albuquerque.

In response to low attendance rate and handful of absent radio board members, the radio board implemented a attendance policy based on the bylaws. In addition, outreach was made to have new board members appointed when applicable. Alternate elected board members were appointed to sitting positions when elected positions were made vacant. As of the end of FY 2023, monthly radio board meetings have a high attendance rate and radio board members are more engaged in the meetings and work that is accomplished outside of meetings.

The Radio Board has formed a programming review committee in order to meet the requirements that programming be reviewed annually to ensure that the mission of KUNM is being met. This committee has been tasked with creating a rubric for reviewing KUNM programming and making recommendations as stated in the radio boards Bylaws.

Radio Board 2023 Elections

The Radio board's biennial elections were held from January through March of 2023. Four members along with two alternates were elected by radio listeners to serve two-year terms.

A huge thank you to Juliette Craig for serving as our board chair through April 2023. Due to term limits she is no longer able to serve on the Radio Board and we are pleased to welcome Myja Peterson as our New Board Chair as of May 2023.

KUNM Station Updates

The station, its staff and volunteers have continued to return to in-person programming and work. Remote programming is still used and available.

A new Security System was implemented for the KUNM building on campus. The system upgrade was funded by listener contributions and increase the security of staff and volunteers by expanding access control throughout the facility, integrating directly with the UNM access control cards.

KUNM continues to see success as a self-supporting department at UNM. Revenues have exceeded expenses for the past 26 years. The station has an emergency reserve of \$500,000 (2.5 months operating expenses) along with anticipated planned gifts totaling just over \$2,000,000.

Recommendations

- ❑ KUNM continue expanding its streaming and digital content, including increasing digital availability of all programming, podcasting many locally-produced programs and promoting its internet services.
- ❑ Review the KUNM Website and create a plan to update the website. In addition, review social media footprint and identify any underutilized or outdated platforms that can be implemented with a low tech debt commitment.
- ❑ Aging and outdated facilities at KUNM are long overdue for improvement. The Board recommends that KUNM facilities be considered in the allocation of capital improvements in the 2040 UNM vision. The board also recommends proximity to the university be considered to raise awareness and engagements with UNM students, faculty, staff, and the community.
- ❑ Continue outreach efforts to KUNM students, faculty, staff, and the community to increase awareness in KUNM
- ❑ KUNM should continue to take a cautious approach to reopening its facilities and provide reasonable options for staff and volunteers in response to continued risk from COVID.
- ❑ Review KUNM policies with the UNM Office of General Counsel to assure compliance with federal and campus regulations.

KUNM remains a vital part of the University of New Mexico and the New Mexico media landscape. The Radio Board remains committed to its role as an advisor to the station.

We thank the Regents, the Office of the Provost, along with UNM leadership and staff for their on-going support for KUNM's services to the community.

This report was prepared and reviewed by the Radio Board and approved at its meeting on November 7th, 2023. The report was presented to the Regents STARR Committee on —————.

Re: Appointment of the T. John Gribble Endowed Chair

Dear Ms. Blair and members of the Naming Committee,

On behalf of the UNM School of Medicine and the Department of Pediatrics, we request approval to appoint Shirley Abraham, MD as the holder of the T. John Gribble Endowed Chair.

Dr. Shirley Abraham, a distinguished figure in Pediatric Hematology Oncology, boasts a remarkable career marked by numerous achievements and contributions to the University of New Mexico. Beginning her academic journey with an MBBS from the Academy of Medical Science in India in 2001, Dr. Abraham pursued further specialization with a Pediatric Residency at Nassau University Medical Center in 2008, and a Pediatric Hematology Oncology residency at Primary Children's Medical Center in 2011. She has held pivotal roles such as Geographic Medical Director and currently as the Division Chief of Pediatric Hematology and Oncology. Notably, she has been instrumental in implementing innovative technologies like the KidsCare COG app, and securing crucial resources for patient care through grants. Dr. Abraham's dedication to excellence is exemplified through her leadership, educational endeavors, and commitment to enhancing patient experiences.

The T. John Gribble Endowment was established to honor the legacy of Dr. T. John Gribble, a distinguished Hematology Oncology physician known for his passion for teaching, dedication to lifelong learning, and commitment to his patients. The endowment aims to support the Chief of the Hematology Oncology Division by releasing funds currently allocated for faculty salaries. These funds will be redirected to expand critical programs for the state's sickest children. Dr. Gribble, a former division and community leader in UNM Pediatric Hematology Oncology, epitomized compassion, a love of teaching, and the exchange of ideas. Throughout his career, he prioritized the needs of his young patients and was instrumental in initiatives such as building the Ronald McDonald House and organizing the annual hemophilia camp. The endowment seeks to continue Dr. Gribble's mission by supporting the Division Chief of Hematology Oncology, fostering education, and improving care for children facing serious illnesses in New Mexico.

It is our belief that Dr. Abraham will carry on Dr. Gribble's legacy and embody the excellent qualities Dr. Gribble brought to the University of New Mexico School of Medicine. For your consideration, Dr. Abraham's Curriculum Vitae and letters of recommendation are attached for your review.

Thank you for your time and consideration of this request.

Chairwoman, Department of Pediatrics
University of New Mexico

Subject: Recommendation for Dr. Shirley Abraham to the T. John Gribble Endowed Chair

Dear Dr. Cordova de Ortega,

I am writing to wholeheartedly recommend Dr. Shirley Abraham for the T. John Gribble Endowed Chair position within the Department of Pediatrics at the University of New Mexico. Having had the privilege of working closely with Dr. Abraham over the past 7-8 years and having shared many patients with her, I can attest to her exceptional qualities as a pediatric hematologist-oncologist and her unwavering dedication to patient care.

Dr. Abraham has distinguished herself as a prominent figure in Pediatric Hematology Oncology, demonstrating outstanding leadership, clinical expertise, and a commitment to advancing the field. In her roles as Division Chief of Pediatric Hematology Oncology and Geographic Medical Director of Specialty Clinics, she has consistently exhibited a profound dedication to patient well-being, making strong connections with her patients and ensuring that their care is of the highest quality, in addition to making sure that her faculty are well supported and able to provide high quality care.

Noteworthy among Dr. Abraham's recent achievements is her pivotal role in implementing innovative technologies such as the KidsCare COG app and securing crucial resources for patient care. Her dedication to excellence is further exemplified through her leadership, educational endeavors, and commitment to enhancing patient experiences.

As I understand, the T. John Gribble Endowed Chair honors a distinguished physician known for his passion for teaching, commitment to lifelong learning, and dedication to patient care. Dr. Abraham fully embodies these qualities, making her an ideal candidate for this prestigious award. Her accomplishments, including her leadership as the division director and director of the hemophilia treatment center, her roles as the site lead for sickle cell disease, and her organization of resident rotations, underscore her commitment to patient care and medical education.

Furthermore, Dr. Abraham's recognition as Albuquerque Top Docs for numerous years, her nomination for awards such as the sHero Leadership award, and her active involvement in various professional societies highlight her outstanding contributions to the field of pediatric hematology-oncology and her recognition. She has consistently demonstrated a commitment to advancing medical knowledge through her research contributions, publications, and participation in conferences and educational activities.

Perhaps what is most notable is Dr. Abraham's dedication to her patients. This is evident in her compassionate approach to patient care which has earned the trust and respect of both her patients and colleagues alike. Her tireless efforts and unwavering commitment to excellence make her a highly deserving candidate for the T. John Gribble Endowed Chair.

In conclusion, I wholeheartedly recommend Dr. Shirley Abraham for the T. John Gribble Endowed Chair position. Her exemplary leadership, clinical expertise, and dedication to patient care make her an exceptional candidate, and I am confident that she will continue to make significant contributions to the field of pediatric hematology-oncology.

Thank you for considering my recommendation.

Sincerely,

Doctor Loretta Cordova de Ortega
Chairwoman, Department of Pediatrics
University of New Mexico

Dear Doctor Cordova de Ortega and the University of New Mexico Foundation,

It is my great honor to submit this letter of recommendation for Dr. Shirley Abraham in appointment to the T. John Gribble Endowed Chair.

I have collaborated with Dr. Abraham for over 10 years in my position as Regional Director for the Mountain States Hemostasis Network. I serve as the Principal Investigator the HRSA Regional Hemophilia Network Grant for which Dr. Abraham serves as the Principal Investigator for the subaward at the University of New Mexico. I work closely with the 12 Hemophilia Treatment Centers (HTCs) across the region and the UNM program has grown and flourished under Dr. Abraham's leadership.

Dr. Abraham is a team leader, a problem solver, an advocate and exemplary clinician. She is a warm, engaging individual who teaches others by example and is inclusive and is meticulous in her work. Her Curriculum Vitae is filled with accolades and accomplishments in pediatric hematology oncology but Dr. Abraham's most defining attribute is her strong ethical compass. She always advocates for the needs of underserved individuals and constantly works to assure barriers to care for historically marginalized individuals and the sickest patients are ameliorated. As the leader of the UNM HTC, Dr. Abraham has been committed to establishing standards of excellence for clinical care in bleeding disorders as a member of the Mountain States Hemostasis Network Regional Executive Committee.

The Endowed Chair is rooted in expanding clinical programs for the state's sickest children and improving care for children facing serious illness. Perhaps Dr. Abraham's gift in this area is best shown through the testament of patients and families she has served as reported on the National HTC Patient Satisfaction Survey:

My two son's and husband becoming patients (at the UNM HTC) for their unusually severe von Willebrand Disease has changed our lives. We were fearful of my son starting school but they gave us all resources needed for him to stay healthy and succeed. The knowledge, support and reassurance Dr. Abraham and the nurses have given us is immeasurable.

Dr. Abraham is most friendly and open to your care decisions regarding your children. Of all the HTCs we have been involved with – Houston, Ft. Worth – UNM HTC is the best.

Loretta Cordova de Ortega, MD
Chairwoman of the Department of Pediatrics
University of New Mexico

Dear Dr. Cordova de Ortega,

It is my pleasure to provide this letter of recommendation for Dr. Shirley Abraham in support of her nomination for the T. John Gribble Endowed Chair. I have known Dr. Abraham for several years as a parents of three sons with severe hemophilia A and more recently as a community partner in my role as President of Sangre de Oro, Inc – the New Mexico chapter of the National Bleeding Disorders Foundation. I have been able to witness first hand her deep commitment to patients and their families as their hematologist, as well as her tireless efforts to ensure the entire bleeding disorders community in New Mexico has access to educational and other supports needed for them to thrive.

As my sons' hematologist, it was evident that she worked diligently to remain up-to-date on the latest treatment options so she could bring us the latest research and support our family in making informed and thoughtful decisions. She demonstrated great care in connecting with my sons by showing interest in them as whole people and not just their bleeding disorder.

In addition to her patients, Dr. Abraham is a tireless advocate for the broader hemophilia community. She works to make sure resources such as community assistance programs and the annual hemophilia camp, which Dr. Gribble's helped to found, are available to children and youth impacted by bleeding disorders and their families. As a community partner, I have found her to be thoughtful, collaborative, and highly ethical as she works in the best interest of the community. I know Dr. Abraham also boasts a remarkable career with numerous achievements and contributions to the University of New Mexico, including currently serving as the Division Chief of Pediatric Hematology Oncology.

Dr. Abraham's dedication to excellence, leadership in the community, and commitment to enhancing the experiences of patients and their families honors the legacy of Dr. T. John Gribble. Throughout her career, she has prioritized the needs of young patients and has been instrumental in continuing Dr. Gribble's commitment to the annual hemophilia camp, fostering education, and improving care for children with bleeding disorders in New Mexico. As the T. John Gribble Endowed Chair, I am certain Dr. Abraham will continue to be a shining example of the kind of leader Dr. Gribble exemplified.

Sincerely,

Re: Letter of Recommendation for Dr. Shirley Abraham

It is my honor to support Dr. Loretta Cordova de Ortega's nomination of Dr. Shirley Abraham to the T. John Gribble endowed chair title.

It was my pleasure to have known Dr. Gribble. He helped care for my son, Erin during his cancer treatment in 1984-85. Even after Erin's death, Dr. Gribble continued to stay in touch with my husband and me and to support our fundraising efforts for other children with cancer.

Dr. Abraham definitely shares Dr. Gribble's passion and commitment to New Mexico's children with cancer. I have heard from many kids and families of Dr. Abraham's about how much they admire, respect and love her.

The Children's Cancer Fund of New Mexico works closely with the UNM Pediatric Hematology Oncology and Dr. Abraham makes herself available to our staff to discuss patient and family issues. She is supportive of CCFNM's programs and events and is a true and important partner of our organization.

Dr. Abraham is an excellent candidate to carry on the legacy Dr. Gribble created and I congratulate Dr. Cordova de Ortega's intentions in naming her to an endowed chair position at UNMH.

Sincerely,

Diana Trujeque

Summary of key points:

This proposed legislation addresses GPSA’s dire financial situation in the present and future and seeks to protect GPSA’s grantmaking ability which is currently being threatened.

Updates within this Bill:

- Seeks an upward adjustment of the current GPSA fee which has not been increased for two decades.
- Proposes a 5-year adjustment plan until it reaches the \$50 cap.
- Ends the regular removal of funds from the grant accounts.

Found in GPSA Constitution:

Article V. Finance

Section 1. Fees

Subject to authorization by the Board of Regents, a nonrefundable fee, henceforth referred to as the GPSA fee, shall be levied on all degree-seeking graduate and professional students. The University shall collect these fees and forward them immediately to the GPSA.

~~A. The GPSA fee shall not exceed twenty-five dollars (\$25) per student per semester and any increase must be approved through a referendum and by the Board of Regents.~~

The GPSA fee shall be forty dollars (\$40) per student per semester beginning in Fall of 2024. It shall then increase every fall semester by two dollars (\$2) per academic year for

48 **subject to approval through a referendum and by the Board of Regents.**
49

50 B. Five percent (5%) of the total collected GPSA fees are taken by the University in the form of
51 an accounting fee payable to the Student Government Accounting Office (SGAO). The
52 remainder of the total is added to the General Fund.

53 **C. The GPSA funds from GPSA agencies or branches shall be considered balance**
54 **forwards.**

55 D. Purpose: Collected fees shall be allocated by the GPSA Council to fund the general GPSA
56 government and to benefit chartered student organizations and graduate and professional
57 students through GPSA Committees and Council.
58

59

60 **Section 3: GPSA Budget**

61 A. This budget shall be based upon the anticipated revenue for the upcoming fiscal year as
62 determined by SGAO.

63 B. All branches of the GPSA government must follow budget processes as defined by the GPSA
64 Constitution, Bylaws, and applicable standing rules to be eligible for funding.

65 C. A final budget must be approved no later than the April council meeting.

66 D. Forty percent (40%) of the GPSA budget shall be reserved for the Pro-Rated Benefits Fund. E.
67 No less than ten percent (10%) of the total GPSA budget shall be allocated to the Grants Committee
68 as Student Research Grants and Professional Development Grants.

69 F. No less than five percent (5%) of the GPSA budget shall be reserved for appropriations.

70 ~~G. Funds not appropriated through the budget process shall be placed in the General Fund.~~

71 H. Council shall have the authority to determine the process of reversion of funds allocated through

Bill No: Constitution SP24-001

Code: n/a

Article: V

Section: 1

Item: A

Rationale for the above referenced bill:

This constitutional amendment addresses GPSA's dire financial situation in the present and future and seeks to protect GPSA's grantmaking ability which is currently being threatened. The GPSA fee has not been increased in approximately two decades. This amendment increases the fee from \$25.00 per semester to \$40.00 per semester beginning in fall of 2024. It also creates a fee escalator of \$2 per year starting in fall 2025 and ending in fall 2029 at a total of \$50.00 per semester.

Finally, it allows for funds that are appropriated in previous years to be considered balance forwards for the various GPSA branches.

It does remove section 3(G) but that already happens via the budget process and thus is redundant.

1000 ESTABLISHMENT

Article 1100: Preamble

We, the students of the University of New Mexico Main Campus, establish this Constitution to preserve and protect the rights of the students of this University. In operating under this constitution, ASUNM Government shall recognize the following rights: the right to a complete and liberal education, the right to access the resources necessary to promote that education, the right to freely express ideas and thoughts that are a product of that education, and the right to participate in the processes and institutions that will ensure this education remains worthy and acceptable. We hereby establish a governing body of student representatives, whose duty and purpose shall be to protect and defend the rights of the students as defined in this Constitution.

Article 1200: Student Rights

These are the rights recognized by ASUNM, and governing the operation of the ASUNM government. Any action that violates University policies, including the Code of Conduct, shall be prohibited. ASUNM shall promote these rights within the University community.

- A. Every student has full and equal rights in the University regardless of sex, race, color, national origin, religion, physical or mental disability, medical condition, sexual orientation, gender identity, spousal affiliation, age, or veteran status
- B. Every student has the right of freedom of all expressions of ideas.
- C. Every student has the right to vote in accordance with normal procedures established by the ASUNM government.
- D. Every student has the right of access to all ASUNM Governmental records.
- E. ASUNM asserts the right of student representation on University committees dealing with the formulation of policies affecting students.
- F. No student shall be denied the right of orderly assembly on the campus.
- G. Every student has the right to contest before Student Court the constitutionality of legislation, rulings, or decisions of the ASUNM Government or any chartered organization that would affect students.
- H. All students shall be considered innocent of any infraction of ASUNM Government laws until proven guilty in a hearing of the appropriate judicial body and shall not suffer direct or indirect penalties for an infraction until guilt has been established. No student shall be compelled to be a witness against themselves and shall be properly informed of the nature and the cause of the accusation, and shall have a fair and impartial hearing by the appropriate judicial body in which they will be confronted by the witnesses against them, and may utilize the assistance of counsel in any part of the proceedings.

2000 EXECUTIVE BRANCH

Article 2100: President

Section 2101. Establishment

- A. The executive power and the power of enforcement of legislation shall be vested in a President.
- B. The President shall have earned a minimum of thirty (30) credit hours at the University of New Mexico Main Campus and earned a cumulative grade point average of at least a 3.0 at the time of their candidacy. No President, during the time for which they are elected, may serve in any other branch of the ASUNM Government.
- C. The term of office is for one (1) year, beginning at noon (12:00 PM) of the last day of the Spring semester and ending at noon (12:00 PM) of the last day of the following Spring semester. The President may serve a maximum of two (2) terms within the office to which they were elected.
- D. In the event that the office of the President is vacant, the Vice President shall assume the title and duties of that office.

Section 2102. Duties of the President

- A. Executive rulings necessary for the enforcement and execution of this Constitution and ASUNM Governmental legislation, and not in violation of this Constitution and ASUNM Governmental legislation, may be made by the President.
- B. At least twice during each session, the President shall give the Senate information in person, as to the state of the ASUNM Government and may recommend such measures as they deem necessary.
- C. The President, in consultation with their executive officers, shall prepare and submit to the Senate a budgetary proposal for the next fiscal year for the Executive Branch of Government and the Student Service Agencies.
- D. The President may establish and appoint any executive officer or student service agency to advise and assist them in the execution of their prescribed duties. The tenure of these appointments shall not exceed the term of office of the appointing President with the exception of the Chief and Associate Justices whose term length is defined in ASUNM Constitution 4103.

Article 2200: Office of the President

There shall be an Executive Office of the President composed of an Attorney General, a Chief of Staff, and any other Executive Officers the President chooses to appoint. It shall be the duty of this office to advise and assist the President in the execution of their duties.

- A. There shall be an Attorney General appointed by the President. The Attorney General shall make copies of student's and student organization's judicial rights available in the ASUNM Office and shall carry out other duties outlined by ASUNM Lawbook 1202.

Article 2300: Executive Cabinet

There shall be an Executive Cabinet composed of the President, the Vice President, the Attorney General, the Chief of Staff, the President Pro Tempore, the Executive Directors of all Student Service Agencies, and any other officials or persons prescribed by the President. The Executive Cabinet shall advise and assist the President in their duties as well as facilitate cooperation and coordination among the Student Service Agencies and Executive Officials.

Article 2400: Vice President

There shall be a Vice President who will assist the President in their duties. The Vice President shall have earned a minimum of thirty credit hours at the University of New Mexico, main campus and earned a cumulative grade point average of at least a 3.0 at the time of their candidacy.

- A. The term of office is for one (1) year, beginning at noon (12:00 PM) of the last day of the spring semester and ending at noon (12:00 PM) of the last day of the following Spring semester. The Vice President may serve a maximum of two (2) terms within the office to which they were elected.
- B. In the event that the office of the Vice President is vacant, the President Pro Tempore of the Senate shall assume the title and duties of the office.
- C. The Vice President shall prepare and submit to the Senate a budgetary proposal for the next fiscal year for the Legislative Branch of the Government.

Article 2500: Joint Student-Faculty Committees

Joint student-faculty committees are committees which include representatives appointed by ASUNM. These standing committees may not be changed in function or composition without the concurrence of the ASUNM Senate (or Student Body) and the Faculty Senate, though either group may unilaterally withdraw from any of these committees. The Board of Regents may modify the function or composition of these committees, but shall first receive advice from the ASUNM and Faculty Senate.

Article 2600: Student Service Agencies

The President shall appoint all Executive Directors of the Student Service Agencies. All other student appointments to Student Service Agencies shall be made by the Executive Director with the consent of the President, with the exception of Senate representatives.

- A. The term of office for agency membership shall coincide with that of the President.
- B. Vice Presidential Appointments may be removed by the Vice President but subject to the approval of the Senate. Removal of appointments to regulation boards in the areas of publications and radio broadcasting must receive the concurrence of the majority of the seated Senate.

These standing committees may not be changed in function or composition without the concurrence of the ASUNM Senate (or Student Body) and the Faculty Senate, though either group may unilaterally withdraw from any of these committees. The Board of Regents may modify the function or composition of these committees, but shall first receive advice from the ASUNM and Faculty Senate. Section 7. ASUNM Student Service Agencies There shall be an executive office of the President composed of an Attorney General, a Chief of Staff, and any other executive officers the

President might appoint. It shall be the duty of this office to advise and assist the President in the execution of their duties. A. There shall be an Attorney General appointed by the President. The Attorney General shall make copies of student's and student organization's judicial rights available in the ASUNM office and shall carry out other duties outlined by the ASUNM Lawbook. B. There shall be a Vice President who will assist the President in their duties. The Vice President shall have earned a minimum of thirty credit hours at the University of New Mexico, main campus and earned a cumulative grade point average of at least a 3.0 at the time of their candidacy. A. The term of office is for one year, beginning at noon of the last day of the spring semester and ending at noon of the last day of the following spring semester. The Vice President may serve a maximum of two terms within the office to which they were elected. B. In the event that the office of the Vice President is vacant, the President Pro Tempore of the Senate shall assume the title and duties of the office. C. The Vice President shall prepare and submit to the Senate a budgetary proposal for the next fiscal year for the Legislative Branch of the Government. D. The President shall appoint all chairs or directors of all Student Service Agencies. All other student appointments to Student Service Agencies shall be made by the chair with the consent of the President, with the exception of Senate representatives. A. B. The term of office for agency membership shall coincide with that of the President. Vice Presidential Appointments may be removed by the Vice President but subject to the approval of the Senate. Removal of appointments to regulation boards in the areas of C. publications and radio broadcasting must receive the concurrence of the majority of the seated Senate. ARTICLE IV: Judicial Branch Section 1. Judicial Function The Judicial power of the ASUNM Government, with the exception of impeachment, shall be vested in the Student Court. Section 2. Student Court The Student Court shall have original jurisdiction in all cases arising under this Constitution, the laws and by-laws of the ASUNM Government, ASUNM Government money allocations and the regulations and actions of the various bodies and committees of the ASUNM Government with the exception of those judicial powers of the Student Conduct Committee and the Senate. The Student Court shall also have appellate jurisdiction over the decisions of the Attorney General and the Elections Commission. A. The Court shall be composed of a Chief Justice and four Associate Justices. The justices must have attended the University, main campus, at least one semester immediately prior to their appointment, and be a student in good standing. The justices shall be appointed by the President and confirmed by the Senate. The term of office of the Chief Justice shall mirror that of the ASUNM President. Their term will begin when the oath of office has been administered in the Summer and end at exactly 1 p.m. on the last day of the Spring semester the following year. The term of office of the Associate Justices will begin at the exactly 1 p.m. on the last day of the Fall semester and end at exactly 1 p.m. on the last day of the Fall semester the following year. All Justices must apply and be reappointed to another term if they are to remain on the court. B. The Chief Justice shall preside over the Court and shall be responsible for the publication of the decisions of the Court. A decision of the Court shall be made with the written concurrence of at least three of the justices. If there is a vacancy or absence of three of the justices, the remaining justice(s) may only act on administrative matters subject to later approval by at least three justices. Details of court procedure not prescribed by this Constitution or by legislation shall be the responsibility of the court itself. C. Any justice, upon written request for the issuance of a subpoena ordering a person to appear before the Court, may issue such subpoena. The subpoena may be contested before the Court. Any student failing to comply with a properly issued subpoena may be suspended from ASUNM Government offices and committees. D. Any student failing to comply with a properly issued

~~Court Order may be suspended from ASUNM Government offices and committees. E. Any act which is calculated to hinder or obstruct the Court in administration of justice may be considered in contempt of court if committed by a person who does so willingly in an attempt to impede the administration of justice. A party may be found guilty of Contempt of Court only if a) the act is done in the presence of the court and its presiding judge; or b) the party fails to comply with an order of the Court. Any student or group found guilty of contempt of court may be suspended from ASUNM Government offices and committees. F. Student Court decisions may be appealed to the Student Conduct Committee if the Committee will be able to hear and decide the appeal before the end of the semester, as determined by the Dean of Students. If the Student Conduct Committee is unable to accept G. the appeal, the Dean of Students will hear and decide it. Decisions of the Dean of Students may be appealed to the Vice President for Student Affairs. The President and the Board of Regents reserve the discretionary authority to review all decisions.~~

~~ARTICLE V. Disciplinary Action~~ ~~ARTICLE VI. Impeachment of Elected and Appointed Officers~~ ~~The Chief Justice shall prepare and submit to the Senate a budgetary proposal for the next fiscal year for the Judicial Branch of the government.~~ ~~H. A call for disciplinary action may be brought against any elected or appointed official in ASUNM Government by any student. The grounds for disciplinary action are violation of ASUNM law(s), willful neglect of office, gross misconduct, or malfeasance; except that an ASUNM Government official may be removed from office only for willful neglect of office, gross misconduct or malfeasance.~~ ~~A. B. Disciplinary actions include: Suspension – removal of duties, rights, and voting privileges associated with the position for a period of no longer than four weeks. 1. Mandatory mediation – mediation that must be held among the accusing student, the accused official, the ASUNM Vice President, and another neutral party that both the student and the accused official agree upon. If the ASUNM Vice President is the accused official, the President Pro-Tempore shall replace the Vice President in the mediation process. 2. C. Procedures A call for disciplinary action may be brought by any student before the ASUNM Student Court in the form of a written charge. 1. If the call for disciplinary action is deemed valid the charges shall be considered at a separate hearing before the ASUNM Student Court. 2. The hearing shall be held at least one week and one day after the date of actual notification of the official who is the subject of the charge. 3. Disciplinary actions against an elected or appointed official may be ordered only by a majority vote of the ASUNM Justices. 4. Disciplinary decisions by the ASUNM Student Court pursuant to this Article may be challenged by either party on the grounds that the procedures were not followed in good faith, or on procedural or legal grounds. Appeals of decisions of the Student Court may be made to the Student Conduct Committee, pursuant to the Student Conduct Committee Procedure. 5. In the event of an appeal, the Conduct Committee will review the Court’s decision and consider whether proper procedures were followed, whether the decision is supported by the facts found in the evidence, and whether or not the decision violates University policy. If the decision is in agreement with the above stated criteria, the Conduct Committee will uphold the Court’s decision. If the Conduct Committee decides otherwise then it may reverse the Court’s decision or send the case back to the Student Court for further action. 6.~~ ~~ARTICLE VII. FISCAL RESPONSIBILITY~~ ~~Section 1. Student Funds The funds of ASUNM Government shall be derived from designated ASUNM fees, income from enterprises of ASUNM Government, and other legally approved sources. Section 2. Authorization of ASUNM Fees An ASUNM fee shall be levied on each undergraduate student at the University subject to authorization by the UNM Board of Regents. The ASUNM fee shall be thirty five (35) dollars for each undergraduate student. This fee shall increase by five (5) dollars every three (3) years from the adoption of this~~

Constitution until the fee reaches a total of fifty (50) dollars. Section 3. Distribution of the ASUNM Fee All elected officials, the Attorney General, and the Justices of the Student Court are subject to impeachment. The judicial power to impeach shall be reserved to the Senate. A. Violations of laws, trust, willful neglect of office, gross misconduct or malfeasance, shall constitute grounds for impeachment. 1. Accusations and charges are to be made in resolution form for presentation to the Senate. This resolution shall be submitted to the Vice President, unless they are the one being impeached, then the resolution shall be submitted to the President Pro Tempore of the Senate. 2. The defendant must then be notified within twenty-four (24) hours of the charges or accusations made against them. It shall be the duty of the Vice President, unless they are the one being impeached, to serve this notice. If the Vice President is unavailable, the duty shall then be that of the President Pro Tempore of the Senate. 3. A motion of impeachment may be voted on by the Senate no earlier than one week after receipt of the resolution and no later than two regular Senate meetings after receipt of the resolution. 4. An affirmative vote by three-quarters (3/4) of the seated Senate shall be sufficient to impeach an official and remove them from office. B. The Student Court may upon a motion on behalf of the defendant, review impeachment cases only to determine whether proper procedure has been followed. This motion must be filed within twenty-four (24) hours following the final decision of the Senate. C. "Anticipated revenue" shall be defined as the amount of funds anticipated from the ASUNM Fee as reported by the SGAO (Student Government Accounting Office). A. A budget shall be prepared and submitted by the Finance Committee to the Senate for approval no later than the eleventh week of the Spring Semester. B. The budget shall include budgets for General Government and the Student Service Agencies. 1. The budget shall allocate eight point five (8.5) percent of the anticipated revenue to the Student Publications Board or its successor. 2. The allocation has been established by the Senate in support of the operations of the Student Publications Board. a. Section 4. Authority of Financial Control Section 5. Education in Financial Matters Agents shall be responsible for familiarizing themselves with ASUNM Government and SGAO policies and financial procedures before any expenditures are made. Section 6. Accounting Requirements All ASUNM Government accounting systems shall be in accordance with appropriate federal, state, and University requirements. Section 7. Ownership All items purchased with ASUNM Government funds become the property of ASUNM Government and thus the Regents of the University of New Mexico. ARTICLE VIII. ELECTION PROCEDURES Section 1. Candidate Eligibility In order to be an eligible candidate for the office of President or Vice President they shall have earned a minimum of thirty credit hours at the University of New Mexico Main Campus and earned a cumulative grade point average of at least a 3.0 at the time of their candidacy. In order to be an eligible candidate for the office of Senator, one must be a student in good standing (as defined in the ASUNM Constitution Article I. Sections G & K) and register as a candidate for only one (1) of these offices. Section 2. Election of the Senate Ten members of the Senate shall be elected at large from among those candidates declared eligible by the Election Commission in both the Spring Senatorial General Election and Fall General Election. Section 3. Election of the President and Vice President It shall be disbursed upon receipt of a memorandum from the board stating the intended use of the ASUNM Fee. a. The memorandum shall be recorded as an addendum to the budget approved by the Senate. b. This proposed budget shall not exceed ninety-three (93) percent of the anticipated revenue for the following fiscal year. C. Any funds not allocated by this budget may be allocated by the Senate according to the ASUNM Constitution and the ASUNM Lawbook. D. A. The SGAO shall be the sole fiscal agent for all ASUNM Government financial transactions. B. All

expenditures must have prior clearance from the SGAO. The ASUNM Government, Student Service Agencies, any service entity, and any organizations funded through ASUNM Government may not spend in excess of their approved allocation. C. Deficit spending may result in substantial penalties as governed by ASUNM Government law. D. The President and Vice President shall be elected at large during the Spring General Election from among those candidates declared eligible by the Elections Commission. Section 4. Senate Vacancies In the event of vacancies in the Senate, the official candidates receiving the next highest number of votes from the most recent general election shall fill those vacancies. Senatorial duties shall be assumed upon confirmation by the Elections Commission and upon being sworn in. In the event that the position is refused or in the event that the Vice President, after reasonable attempts, is unable to contact the official candidate, the official candidate with the next highest number of votes from the most recent general election will be appointed. This shall continue until all vacancies are filled or until there are no remaining official candidates to fill the vacancies. In the event that there are no remaining official candidates to fill the vacancies, the Vice President shall accept applications and appoint replacements for vacancies within ten (10) days. Upon interview by the Senate, confirmation of the appointment will occur with the approval of two-thirds of the Senate. No Vice Presidential appointed Senator shall be allowed to assume responsibilities, duties, or voting privileges of a Senator until confirmed by the Senate and upon being sworn in. An appointed Senator's term shall not exceed the semester in which they are appointed. Section 5. Election Commission A. The Elections Commission shall be empowered to preside over all election procedures, enforce election regulations, tabulate results, and appoint any additional aides deemed necessary by the Commission to perform its duty. Section 6. Election Process All elections shall be executed in accordance with the procedures outlined in the ASUNM Government Lawbook. Section 7. Voting Each undergraduate student of the University of New Mexico is allowed to cast their ballot once per election with valid UNM NetID and password. ARTICLE IX. REFERENDA Section 1. Legislation may become law via referendum. Referendum items shall be put to a vote of the student body during general elections. Referenda that are passed by a majority of those students voting shall become ASUNM Government law. Section 2. Said laws shall be binding on ASUNM Government for one academic year providing it is within ASUNM Governmental power to enact the provisions of the referenda, and may not be overturned by any actions of the Senate or the President. Said laws may only be repealed or amended via referenda. Section 3. The student body may overturn actions of Senate or Presidential vetoes by a majority vote through the referendum process. Section 4. Referenda may be placed on the ASUNM ballot by a majority vote of the seated Senate or by petitions presented to the court and signed by one half of the number of students voting in the previous general election. ARTICLE X. AMENDMENTS Amendments to this constitution may be proposed by a two-thirds vote of the seated Senate or by petition of one-half (1/2) of the number of students voting in the previous general election. The proposed amendment shall be placed on the ballot of the next election. A. An affirmative vote by a majority of those students voting on the amendment shall be sufficient to approve an amendment. After its adoption by the students, each amendment must be approved by the Board of Regents of the University before it will become effective. B. This Constitution, including all amendments, shall be subject to modification by and under the control of the Board of Regents of the University. C. Articles and amendments of the Constitution proposed by the students and approved by the UNM Board of Regents shall be placed in the appropriate context within this document, including specific numerical references (Article, Section, and paragraph number).

RE: Resolution of Alignment Issues between Regents Policy Manual and Faculty Handbook – RMP 5.5 and 5.6 and FHB C130 and C140

In 2015 the Committee on Governance (CoG) Faculty Policy Analysis Taskforce identified corrections and/or updates that needed to be made to Regent policies. On September 16, 2015, the CoG Faculty Policy Analysis Taskforce sent a request to the UNM Policy Office asking that policy changes be submitted to the Board of Regents for review and approval (see attached memo and summary page). There were follow-up requests, but no action was taken. While there are a number of policies identified in the 2015 report, there are two specific policies that are now in critical need of being addressed since potential policy revision requests may be forthcoming from Academic Affairs units from the Provost's Office and Health Sciences.

In 2008 the UNM Board of Regents reviewed *Faculty Handbook* policies C130 "Outside Employment," and C140 "Extra Compensation." The regents worked with faculty governance leaders to develop revisions to both policies which were approved by the Board of Regents on 4/30/08 (see attached UNM Board of Regents agenda, agenda book pages, and minutes, pages 8 and 9). The approved changes decoupled C130 and C140 as outlined in the attached CoG Taskforce Report's summary page. However, Regents' Policies 5.5 and 5.6 were not subsequently revised to reflect the approved changes. RPM 5.6 carries an adopted date of 9/12/1996 with no amendments; RPM 5.5 carries an adopted date of 9/12/1996 and shows an amended date of 12/9/2020, however the only change made in 2020 was for a title change for the Executive Vice President for Health Sciences. Both the Provost's and Health Sciences Academic Affairs units have been following the Faculty Handbook Policies since the change was approved in 2008. It is important that Regent policies 5.5 and 5.6 be revised to reflect the changes approved by the Regents in 2008 so that when subsequent proposed changes to the Faculty Handbook are considered, the alignment issues will have been resolved. Proposed redlined versions of RPM 5.5 and 5.6 that reflect what the Regents approved for the Faculty Handbook in 2008 are attached for consideration.

On behalf of the Committee on Governance, the Faculty Senate, and the Faculty Senate Policy Committee, I respectfully request that this item be placed on the next SSTAR Committee for consideration to address these alignment issues. Please let me know if I can provide further information to facilitate approval of the changes.

RE: Proposed Revisions to Regents' and University Administrative Policies

The recent change to the Faculty Constitution requires that all policies that are applicable to faculty be identified and listed in the *Faculty Handbook (FH)*. The COG Policy Analysis Taskforce was appointed to achieve this goal. The first step in this process was development of a Reference Table A53.1 for the *FH*, which lists applicable policies sorted by topic and with links to each policy. A copy of A53.1 is attached. An additional part of our charge was to compare faculty handbook policies with Regent (RPM) and University Administrative Policies (UAP) to identify any conflicts or required corrections. The taskforce has identified the following corrections and/or updates that need to be made to RPM and UAP policies. To assist with this process we have included with this memo revised policy drafts indicating the changes requested. Please let us know if you need further information to facilitate the changes. We appreciate your assistance.

Corrections Needed to the Following Regent and UAP Policies:

RPM #	RPM Title	Summary of Change(s) Requested
1.5	Appeals to the Board of Regents	Revise the policy to clarify "working" days. Add a section for AF&T appeals which have different time restrictions than general appeals.
5.4	Leaves of Absence	Policy Section: add other types of leaves authorized by policy. Might want to add inclement weather. Reference Section: add references to related faculty leave policies.
5.5 5.6	Outside Employment Extra Compensation	On 4/30/08, the Regents approved revisions to FH Policies C130 Outside Employment, and C140 Extra Compensation. See attached minutes from 4/30/08 Regents meeting. However, Regents policies 5.5 and 5.6 were not revised to reflect the approved changes; therefore RPM 5.5 and RPM 5.6 need to be revised for these approved changes.
5.13	Research Fraud	Replace term "fraud" with "misconduct"--the term used in FH Policy E40 Research Misconduct. Misconduct addresses situations that may not rise to the level of fraud but are serious and should be investigated with appropriate action taken. Delete implementation section and update reference to FH E40. NOTE: E40 is currently under review which may result in additional changes to RPM 5.13.
5.18	Endowed Faculty Chairs	Revise to discuss faculty role per C170 Endowed Chairs and Named Professorships and reference C170.
6.3	Privileges and Benefits	Policy Section: add "in accordance with Faculty Handbook C305 Emeriti Status"; update references.
6.5	Political Activity by Employees	Policy Section: add allowance for leave of absence Update references to include C150 Political Activity and C240 Leave of Absence Incident to Political Activity.
2730	Sexual Harassment	Add language to clarify that there are different disciplinary processes for faculty and students. Add reference to C07 to ensure that Faculty

		Disciplinary Policy is followed. Add reference to UAP 3290 which discusses mandatory training.
3415	Leave with Pay	Revise jury duty section to allow employees to keep mileage reimbursement.

References: Adding or Updating Faculty Handbook References/Dates to RPM Policies:

The current version of the Regent Policy Manual was implemented September 12, 1996. Regent policies applicable to faculty contain references to page numbers in the printed Faculty Handbook that was available in 1996. Since 1996, the Faculty Handbook was redesigned and published on UNM’s website. This has resulted in outdated references in many Regent policies. In addition other faculty policies need to be added to the applicable Regent policy. Below is a list of Regent policies that require updating of references.

RPM UAP #	Policy Title	Summary of Change(s) Requested
2.1	Free Expression and Advocacy	Add references to FH Section B, C150 and UAP 2060, 2220.
2.5	Sexual Harassment	Add reference to FH C07 to ensure that Faculty Disciplinary Policy is followed.
2.15	Science and Technology Corporation at UNM	Add reference to E70.
4.2	Student Code of Conduct	Reference RPM 4.3; D175 and D176.
4.3	Student Grievances	Reference Section: Ref D175 and D176 instead of Pathfinder.
4.5	Student Publications	Delete reference to FH 70.2—policy was abolished 4/24/07.
5.1	The Faculty’s Role in the University’s Academic Mission	Update the date the Faculty Constitution was approved; update Faculty Handbook references.
5.2	Academic Freedom and Tenure; Appointments and Promotions	Revise to update amendment dates or delete them.
5.7	Confidentiality of Faculty Records	Update Implementation Section to reflect recent approval dates. Update Reference Section update FH references.
5.8	Intellectual Property	Update reference to FH E70
5.9	Sponsored Research	Update reference to FH E60
5.11	Classified Research	Update reference to FH E10
5.12	Overseas Research	Update reference to FH E20
5.14	Human Beings as Subjects of Research	Update reference to E90. NOTE: E90 is currently under review which may result in additional changes to RPM 5.14.
5.17	Conflict of Interest Waiver for Technology Transfer	Update reference: Add E80 and E110
5200	Allocation and Assignment of Space	Add reference to A89 Allocation of Office, Laboratory, and Classroom Space

Other Potential Issues Identified by COG Taskforce:

Policies RPM 2.6 Drug Free Environment and UAP 2140: There may be a potential conflict around the appropriate use of alcohol. Please review both of these policies to ensure definitions align properly.

Policy Topic: Extra Compensation Paid by the University

Last Updated: 4/25/15

Related Policies:

Faculty Handbook C140 "Extra Compensation Paid by the University"

Regents Policy Manual RPM 5.6 "Extra Compensation Paid by the University"

Summary Review Findings: Significant Conflict between policies

1) Policy C140 (in addition to C130) was revised and approved by the Board of Regents on 4/30/08. The revision added the statement "2. The work for extra compensation does not count against the workdays allowed for outside employment (See Policy C130)" The Regent approved version of Policy C140 also does not contain any specific (i.e. one-day) limitation on the amount of extra compensation allowed. This differs from Policy C130 and RPM 5.5 which indicate a limitation of one day per week pertaining to outside employment. RPM 5.6 was not revised to reflect the action taken by the Regents on 4/20/08 when the revision to C140 was approved.

Reference to be added to Faculty Handbook:

Regents Policy Manual RPM 5.6 "Extra Compensation Paid by the University"

Reason: C140 authorized by and directly related to RPM 5.6

Proposed Policy Action:

1) Ask Policy Office to update RPM 5.6 to reflect Regent approval on 4/30/08 of changes to Policy C140 and update title for HSC Chancellor. These proposed changes are highlighted in a RPM 5.6 draft document.

2) Ask Office of University Secretary to update HSC Chancellor title.

POLICY CONCERNING OUTSIDE EMPLOYMENT AND CONFLICTS OF COMMITMENT

Employment as a full time, tenured, probationary, or clinician educator faculty member at the University of New Mexico requires an individual's full time professional commitment and expertise. Notwithstanding this, and subject to certain restrictions, full time faculty members of all types are subject to this policy and are encouraged to engage in appropriate outside professional activities that will enhance their professional growth and reputation. Outside activities such as writing, consulting, lecturing, and similar outside endeavors contribute to the quality of both instruction and the scholarly or creative work of the faculty, bring great credit to the University and may contribute to the economic development of the state.

Conflict of Commitment

The University of New Mexico has adopted in the Faculty Handbook (Section B, Appendix V) the *Statement on Professional Ethics* of the American Association of University Professors, which includes the statement "Professors give due regard to their paramount responsibilities within their institution in determining the amount and character of work done outside it." In particular, a "conflict of commitment" exists when the external professional activities of the faculty member are so extensive and demanding of time and attention as to interfere with the individual's responsibilities to the unit to which the faculty member is assigned by contract, to students, or to the University. In particular, the total time spent in outside employment may not exceed the equivalent of one workday per seven day week during the contract period. For faculty members with nine-month contracts this is the equivalent of 39 work days, and for faculty members with twelve-month contracts this is the equivalent of 52 work days per contract period.

Outside Consulting

In outside employment faculty members are paid directly by the outside entity and the University is not concerned with the amount of earnings. However, a faculty member should charge fees similar to those charged by firms or individuals doing comparable work, except when advice or services are given free in the public interest.

Prohibited Activities

Faculty members should not provide consulting or other services to an outside entity when those services would conflict or be in competition with services offered by the University itself. In undertaking outside employment the faculty member may not make use of University facilities, equipment, or personnel without prior written approval from the head of the unit responsible for the facilities or personnel. When necessary the Associate Vice President of Business/Comptroller shall determine to what extent the University shall be reimbursed for such use. Work of a routine or repetitive nature such as tests, assays, chemical analyses, bacteriological examinations, etc. which involve use of University property is prohibited except where it is considered in the public interest and where facilities or personnel for doing such work exist only at the University.

University titles, offices, addresses, and telephone numbers may not be used in city directories or similar publications for the purpose of publicizing non-University interests. Consultants must make it clear to outside employers that the work to be undertaken has no official connection with the University. The University cannot assume any responsibility for private consulting activities provided by members of the faculty.

Exceptions for Remunerated Scholarship

It is not the intent of the University to restrict expected scholarly activities of faculty members. In some disciplines, such as the performing arts, professional activity may be remunerated. In many disciplines scholarly service activities such as reviewing, colloquia presentations, etc., are compensated by small honoraria beyond expenses. Such activities, referred to as "remunerated scholarship" generally relate to research or creative work that is expected in a faculty member's discipline. Teaching outside the contracted department for compensation [see Policy C140] is not considered to be remunerated scholarship. Such activities would normally be added to a c.v. and be considered in promotion, tenure, merit pay, etc. Activities of remunerated scholarship need not be reported and the hours so spent do not count against the 39 or 52 workday limit unless the Chair or Director finds the extent of such activities threatens a faculty member's ability to carry out his/her regular University duties. In this case approval to continue this activity should be sought.

Manual 5.5 **COMPLIANCE**

Intentional failure to comply with the provisions of this policy will be considered a violation of university policy and may lead to appropriate corrective action which can include censure, warning, disciplinary probation, or dismissal, as set forth in the *Faculty Handbook*.

PROCEDURES REGARDING OUTSIDE EMPLOYMENT

In consultation with the academic units, the Offices of the Provost and the Executive Vice President for the Health Sciences Center will be responsible for developing procedures for compliance with this policy. The procedures should include the following items, but may be more stringent for effective monitoring of the policy.

- Requirements for approval by the approving authority (Advance written approval is not required for periods of activity consisting of two days or less per semester)
- Requirements for STC approvals and payments
- Faculty reporting and compliance responsibilities
- Required signatory approvals
- Deans/Directors monitoring and enforcement responsibilities
- Maintenance of Records and supporting documentation.

Faculty Handbook Policy C140

POLICY CONCERNING EXTRA COMPENSATION PAID BY THE UNIVERSITY

The interests of the University may be well served by professional activities conducted by faculty members outside of their normal departmental duties. With approvals specified in this policy, faculty members performing such activities may receive extra compensation from the University. Such activities may not replace or diminish the ability of the faculty member to fulfill his/her normal contractual responsibilities. Prior approval of such activities for extra compensation will be contingent on determinations by cognizant supervisors that the activities are in the best interests of the University.

- 1 Full time regular faculty members may receive extra compensation from the University for additional work done in connection with University-related activities provided that:
 - a) The faculty member wishes to pursue the opportunity for extra compensation;
 - b) Advance approval in writing is given by the Chair of the faculty member's contract department and the Dean or Director of the College or School that houses that department;
 - c) The work done for extra compensation does not in the opinion of the approving authorities:
 - i) Conflict in time with regular University duties and assignments;
 - ii) Constitute a "conflict of interest" situation for the faculty member;
 - iii) Come within the scope of the faculty member's regular responsibilities for which compensation is already being paid.
- 2 The work for extra compensation does not count against the workdays allowed for outside employment. (See Policy C130).
- 3 Extra compensation using funds from research grants or contracts must conform to research policies.
- 4 Extra compensation for teaching beyond the scope of the faculty member's regular teaching responsibilities shall be paid through a STC (Special Teaching Component) on the regular faculty contract. Requests for contracts that include STC's shall be made prior to engaging in the activity by way of a Contract Memorandum that has the approval of the faculty member's chair or director and dean, the administrator of the department for which the special teaching is being done, and the Deputy Provost or the Executive Vice President for Health Sciences.
- 5 Other kinds of special assignments shall be paid on an Extra Compensation Form. The rate of extra compensation will be proposed by the head of the requesting unit and should reflect fair market value for activities associated with the assignment.

APPROVAL OF MEMORANDUM OF UNDERSTANDING BETWEEN BERNALILLO COUNTY and UNM HOSPITAL

Dr. Paul Roth

Every eight years the County passes a mil levy intended to under right or provide some partial support for the maintenance and operation of UNM Hospitals. We are in that eighth year and the mil levy will be on the ballot this November. We have always associated with the mil levy a MOU, a memorandum of understanding, between the University and the County for certain provisions that we negotiate. For this period of time we have negotiated with the County, we have engaged in a number of conversations with advocacy groups in the community and before the Board is a newly negotiated MOU. It is essentially unchanged, we are recommending there not be any change in the mil itself, the rest of the language is essentially the same except for one new provision which creates a new program of community outreach in which we will be allocating \$800,000 initially that will go towards to contracting with local groups in an effort to improve access for patients living through the County. We bring this forward for the Regent's approval.

Motion approved unanimously to approve the Memorandum of Understanding between Bernalillo County and UNM Hospital (1st Chalmers, 2nd Eaves)

APPROVAL OF POLICIES C130/140 (OUTSIDE COMPENSATION)

President Schmidly

For some time now, we have been discussing policy C130 and C140 about outside compensation. There has been discussion between administration, the Board of Regents and also Faculty Senate. Last time we met and discussed these policies, the Regents asked that we clarify the definition of a work week and also we clarify the ramifications with regard to violation of this policy.

- The work week has been defined as a seven day week, "For faculty members with nine-month contracts this is the equivalent of 39 work days and for faculty members with twelve-month contracts this is the equivalent of 52 work days per contract period.

- Clear compliance language.

This policy, upon revision, based upon the request of the Regents, was resubmitted to the Faculty Senate and it's my understanding that the Faculty Senate voted to approve this policy and invites Howard Snell to make any comments.

Howard Snell

The only comment that I would make is that the definition of the seven day week was not specifically as a work week. It was simply at the request of Regent Eaves to clarify how many days were in a week and we did that.

President Schmidly

Mr. Chairman, Regents, I recommend approval of Policy C130 and C140.

Motion approved unanimously to approve Policy C130 and C140 regarding outside compensation (1st Chalmers, 2nd Sanchez).

APPROVAL OF UNM FY09 BUDGET

President Schmidly

Mr. Chairman, members of the Board, I am proud to present to you today the FY08-09 consolidated budget and to request your approval. This is the budget for the main campus, for the Health Sciences Center and for our branches in Gallup, Los Alamos, Taos and Valencia.

Regents' Policy Manual - Section 5.5: Outside Employment

Adopted Date: 09-12-1996

Amended 12-09-2020 [Proposed Revision 11/4/22](#)

Applicability

This policy applies to full-time faculty members of the University.

Policy

Full-time members of the University faculty are encouraged to engage in outside professional activities such as writing, consulting, lecturing, or activities of similar nature which will enhance their professional growth or reputation, subject to the following restrictions:

- Since the faculty member's primary responsibility is to the University, all outside employment is considered secondary. The time spent in outside employment ~~or in additional work done within the University for extra compensation, or in both of these together,~~ may not exceed the equivalent of one work day per week during the contract period.
- Outside professional activities will not significantly conflict with classes, office hours, or other assigned duties and commitments.
- Except in cases specifically approved in writing by the President authorizing official University involvement, the faculty member in undertaking such employment shall act as an individual and not as an agent of the University and shall not use the name of the University or official University stationery in connection with such work.
- Great care should be taken to avoid a conflict of interest or appearance of a conflict of interest situation in carrying out any type of consultant or research activity.
- When exceptions to this policy are necessary in the interest of the University, they must have the advance written approval of the ~~Associate Provost for~~ [applicable Office of](#) Academic Affairs.
- Deans are to report to the ~~Associate Provost for~~ [applicable Office of](#) Academic Affairs at the end of each semester and summer session summaries of the number of days spent by each faculty member on outside employment.

Implementation

The full policy, previously adopted by the faculty and approved by the Regents, is printed in the Faculty Handbook.

The Provost has interpreted the "one work day per week" language to mean 39 days for the contract period (9 months). The 39 days can be arranged in various ways (e.g., one day a week, all at one time); Saturdays and Sundays are counted toward the 39 days. ~~Extra compensation paid through the University (see RPM Policy 5.6) and outside employment both count toward the 39 days.~~

~~For the Health Sciences Center, the reporting by the dean (last item in policy above) is made to the Executive Vice President for Health Sciences and Chief Executive Officer of the UNM Health System.~~

Regents' Policy Manual - Section 5.6: Extra Compensation Paid by the University

Adopted Date: 09-12-1996 *Proposed Revision 11/4/22*

Applicability

This policy applies to regular faculty members at the University.

Policy

Faculty members may occasionally receive extra compensation from the University for additional work done in connection with University-related activities provided that:

1. Advance approval in writing is given by the appropriate department chairperson and dean;
2. The work done for extra compensation does not in the opinion of the approving authority
 - a. Conflict in time with regular University duties and assignments
 - b. Constitute a "conflict of interest" situation for the faculty member; ~~and~~

~~3. The work for extra compensation or the outside employment, or both of these together, does not exceed the equivalent of one working day per week. (See Policy Concerning Outside Employment, RPM 5.5.)~~

Implementation

The full policy, including procedures for paying extra compensation, was previously adopted by the Faculty and approved by the Board. It is printed in full in the [Faculty Handbook](#).

~~See "Implementation" section of [RPM 5.5](#) for an interpretation of "one working day per week."~~

 Packaging Strategy

 Equity Packaging at UNM

 Lottery & Opportunity

 Institutional Aid

 Work Study

 Student Loans last at UNM

Overview of Packaging Strategy

FREE AID FIRST, SELF-HELP AID AND LOANS LAST

Awarding Criteria

- **Free Aid First**

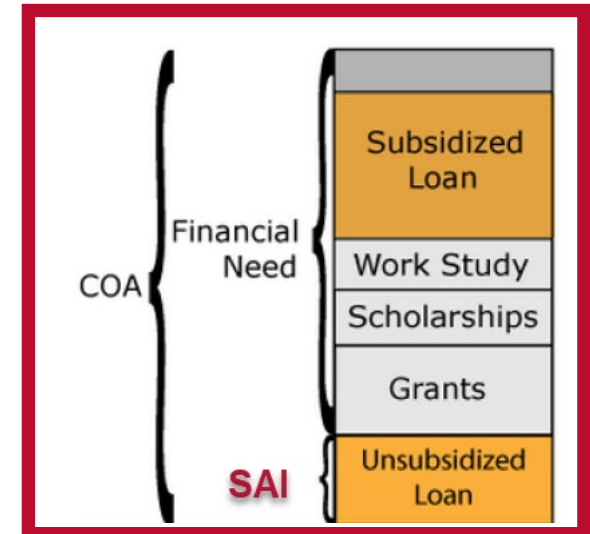

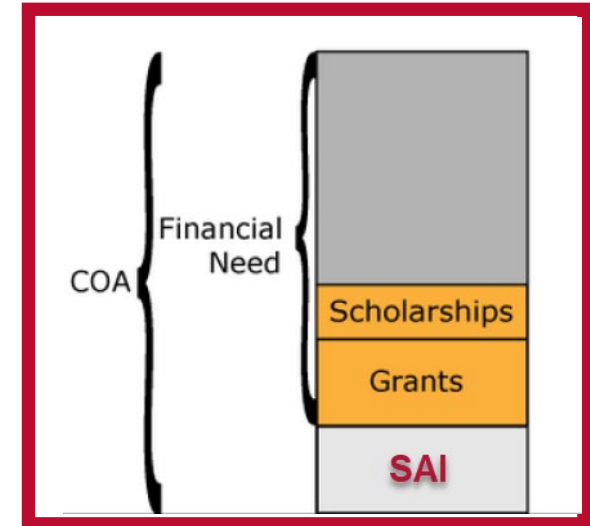

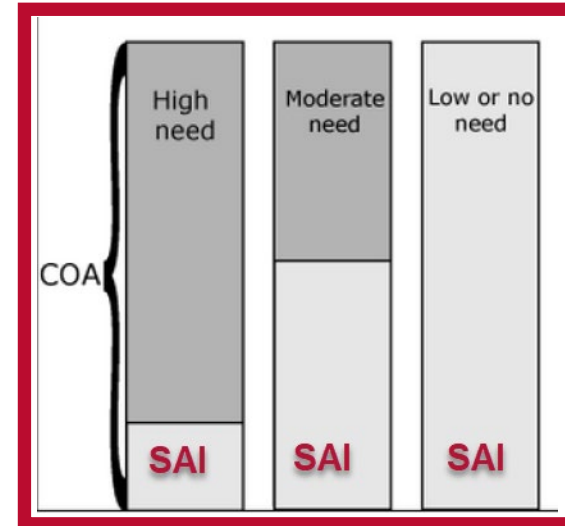

- Scholarships
 - Institutional Merit Scholarships - Regents', Presidential, Woodward, etc.
 - State Scholarships - Lottery, Opportunity, Teacher Prep Affordability
 - Private & Tribal Scholarships - not offered by UNM
- Grants
 - Federal Grants - Pell and FSEOG
 - State and Institutional Grants – SSIG, UNM II, Pack Assistance

- **Self-help Aid Next**

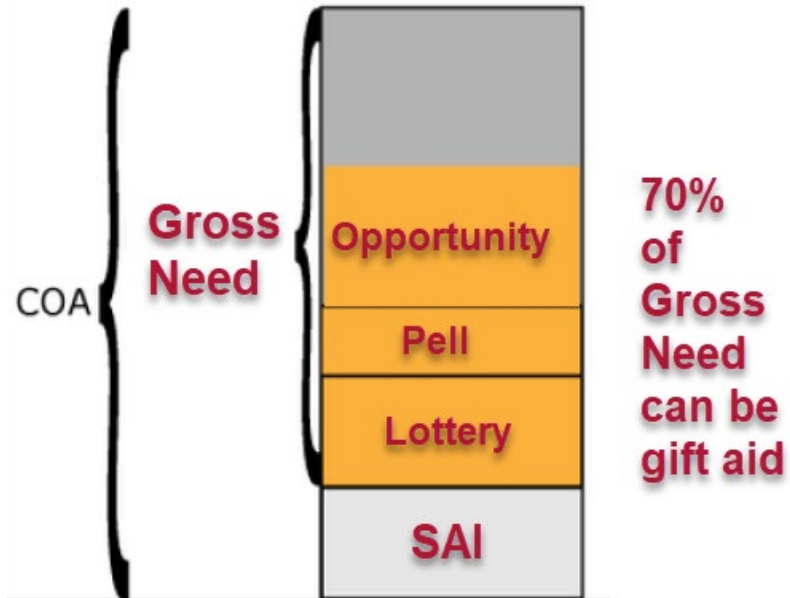

- Work study offered to all students that met FAFSA priority date
- Mostly need-based but limited no-need work study available

- **Loans Last**

- Need based subsidized loans first & unsubsidized loans last to fill gaps in funding taken up in the COA by SAI.

Equity Packaging – up to 70% gift aid

$COA - SAI = \text{Gross Need} \times 70\% =$
Equity maximum (or max gift aid allowed)

What is Equity Packaging?

Equity packaging assures a certain level of gift aid assistance to as many students as possible. UNM Financial Aid uses Fixed Percentage Equity, set at 70%. This allows UNM to be more equitable in awarding limited gift aid. We set our own equity percentage; in previous years it's been as low as 45%.

What is "Gift Aid"?

All grants and scholarships are considered "gift aid" because they are free money. When determining gift aid for the 70% gift aid rule, FSEOG and any dependent education benefits are not included. Work study and student loans are not considered in any equity packaging, as they are "self-help" aid.

Work Study

NEED-BASED FEDERAL AND STATE & NON-NEED STATE

THE FAFSA

The FAFSA is your application for work study

Complete the FAFSA and mark "yes" to being interested in work study. When UNM gets your FAFSA we'll automatically check if we can award you work study. Bonus! Any work study earnings won't count on next years' FAFSA.

THE AWARD

Work study awards have to be accepted

If you have been offered a work study award you will receive an email with instructions on how to accept/decline the award. If you accept the award you should look for a job.

THE JOB

A work study offer does not guarantee a job

In order to earn your work study funds you need a job. Your first step after accepting your work study should be to find a job. Jobs vary and are usually on campus. Search at unmjobs.unm.edu

THE PAY

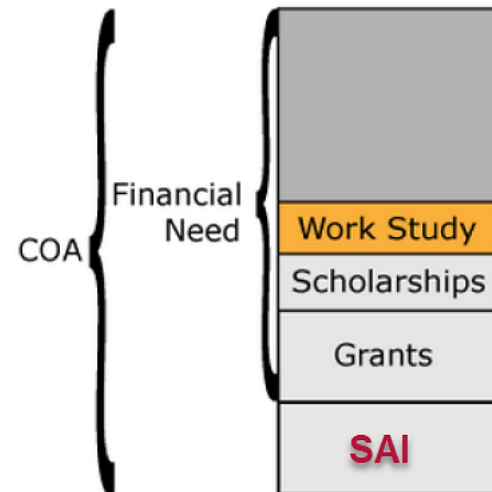

Students earn their work study funds in a paycheck

Paychecks are based on hours worked, just like a normal job and are direct deposited into your bank account. Rate of pay, hours per week and schedule vary with each job and are decided by your boss.

Work study

- Awarded after grants and scholarships
- Type of self-help aid for students
